LINDBLOM TECHNICAL

HIGH SCHOOL • CHICAGO

*"Clear against the sunset heavens, in the hope-filled west,
Rise thy stately walls O Lindblom . . ."*

*"Born of love thy valiant spirit, purged with flaming truth,
Consecrated to man's service, sturdy eager youth."*

Eagle Pinups

Taking our cue from the G.I.'s, we at Lindblom pin up our memories of school days. Our activities, our school, and our athletics are integral parts of the over-all impression of school which we carry away with us. Each of these makes a substantial contribution toward the broad, general education which is the goal toward which we look. By participation in activities and athletics, we mold those social attitudes which are so important in working with others. In our school itself, we learn the basic facts without which the development of a mature outlook is impossible. All of these things we have put in our book. We hope you will enjoy our efforts as much as we have enjoyed working for you.

The School

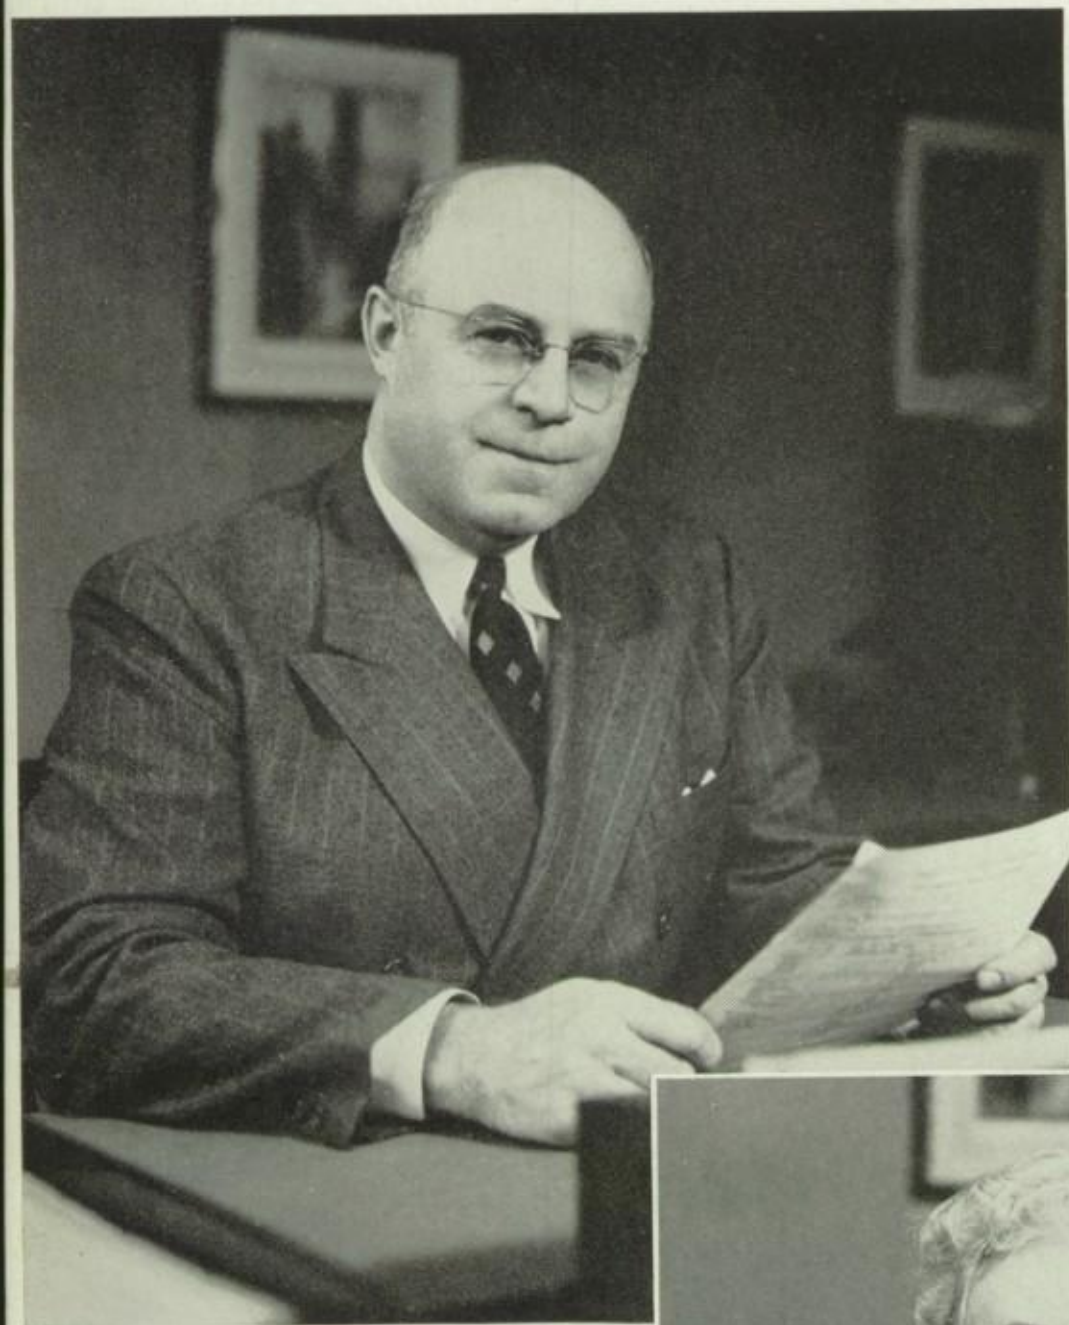

Classroom Pinups

Because the real purpose of school is to gain a factual education, we devote a large portion of our time to our studies. We are often surprised to discover that some terrifying subject like Physics or Chemistry is really a lot of fun, besides adding to our education.

English Department

Our radio speech class, besides teaching the students to gain poise and confidence in themselves, also prepares them for future positions in the radio world.

The appreciation of good literature is the result of correct reading and comprehension. To promote this our English Department sponsors extensive reading programs.

The books of the lending library in our English classes, contributed by the students, permit the pupils to read the best-sellers without cost to themselves.

By having a student chairman supervise a class, the students give better cooperation and enjoy the class to a greater degree.

Language Department

The study of Spanish life and customs is more greatly appreciated by the students, when sombreros, serapes, and guitars are added.

Part of the cast of a television program, "Life at Lindblom," which was presented over station WBKB, rehearse the skit which showed some of the ways in which Spanish is taught at Lindblom.

By putting on skits in the French classes, the students not only obtain gross entertainment, but also enjoy the study of that language to a greater extent.

Since the study of Roman history is of greatest importance in our Latin classes, this group of students portraying Roman senators is more than appropriate.

These students follow the principles that Roger Bacon laid down: that observation, experimentation, and equipment for experiments are the most important fundamental laws of Science.

Complicated apparatus illustrating capacitance, inductance, and resonance, is handled with confidence by these Physics students.

Science Department

Learning the body's systems is one of the fascinating topics taken up in Biology, a subject which is both practical and interesting to the student.

By use of the equipment shown, the students are studying the action of the planetary system, one of the main topics discussed in General Science.

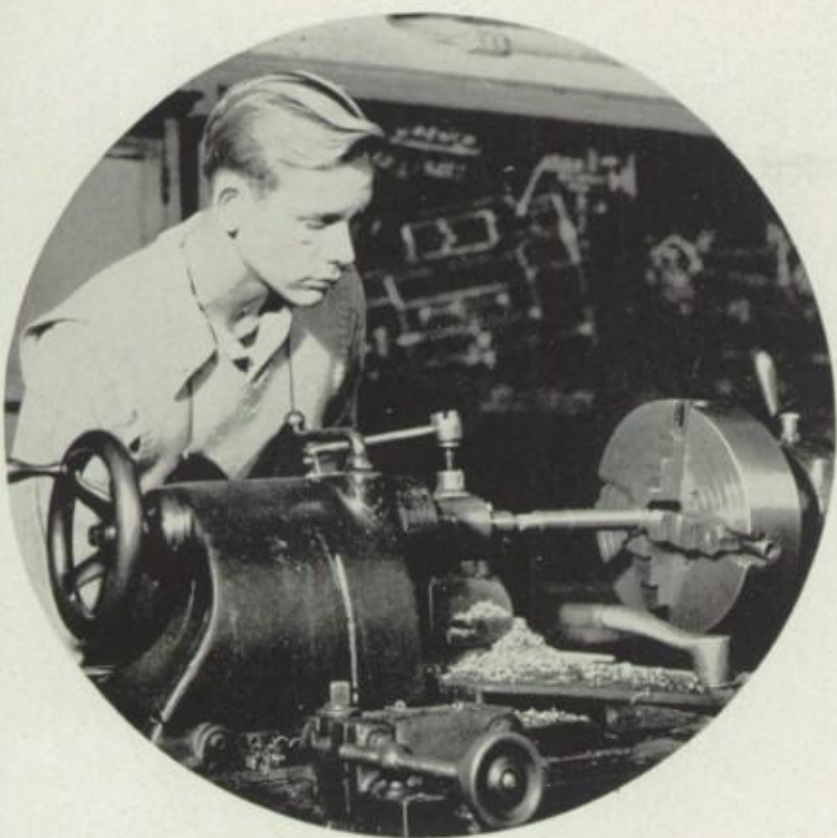

Technical Department

Great care is required in pouring a mold, for there is danger from air bubbles and imperfections in the mold which might cause an explosion.

One of the main objectives of the Print Shop course is to teach the students to make attractive lay-outs of the pages, which will serve to make the printed matter more attractive to the eye.

Learning the intricate details of a machine, aided by both math and science, the pupils conquer the fundamentals, preparing themselves for future study in the field.

Mechanical drawing, taken as either a major or minor subject, prepares the students for many types of higher learning.

Technical Department

Any type of book which our students require, from reference books to novels, can be found in our library.

Lindblom's Library, being affiliated with the Chicago Public Library, has the same system of circulating books. Every student must have a card in order to take out a book.

Social Sciences Department

Tracing the route of some great explorer, or seeing just where we stand on the world makes globe-gazing extremely interesting.

Besides looking at globes and maps, hours of tedious and brain-racking work are spent in text-books to obtain necessary information for the next day's history or geography assignment.

Art Department

All types of painting are taken up by the art students so that they may fully exercise their talents.

Box-decorating, clay modeling, and designing of Christmas ornaments and greeting cards all add to the fun of the art course.

Besides learning to appreciate art, the students of our art classes actually take brushes into their hands and obtain admirable results.

One may regularly see the best results of both our major and minor art classes on the billboards provided for this purpose in our third floor corridor.

Art Department

Commerical Department

Learning to use the dictaphone is just one of the many technicalities learned in office practice, which will be of use in later life.

Transcription, which is taught to the advanced students of stenography, requires much practice to develop skill and speed.

Commercial Department

Through comptometry, a subject which can be mastered in one semester, a student is prepared for a good position later in life.

Mimeographing, another specialized subject taught in our business course, besides giving the pupils mastery in the field, also gives service to the school.

Home Arts Department

This pretty model cut, stitched, and is modeling the gown which the sewing classes have taught her to create.

In our clothing classes, the girls are instructed in the use and care of sewing machines, selection of materials, use of patterns, and the making of clothes.

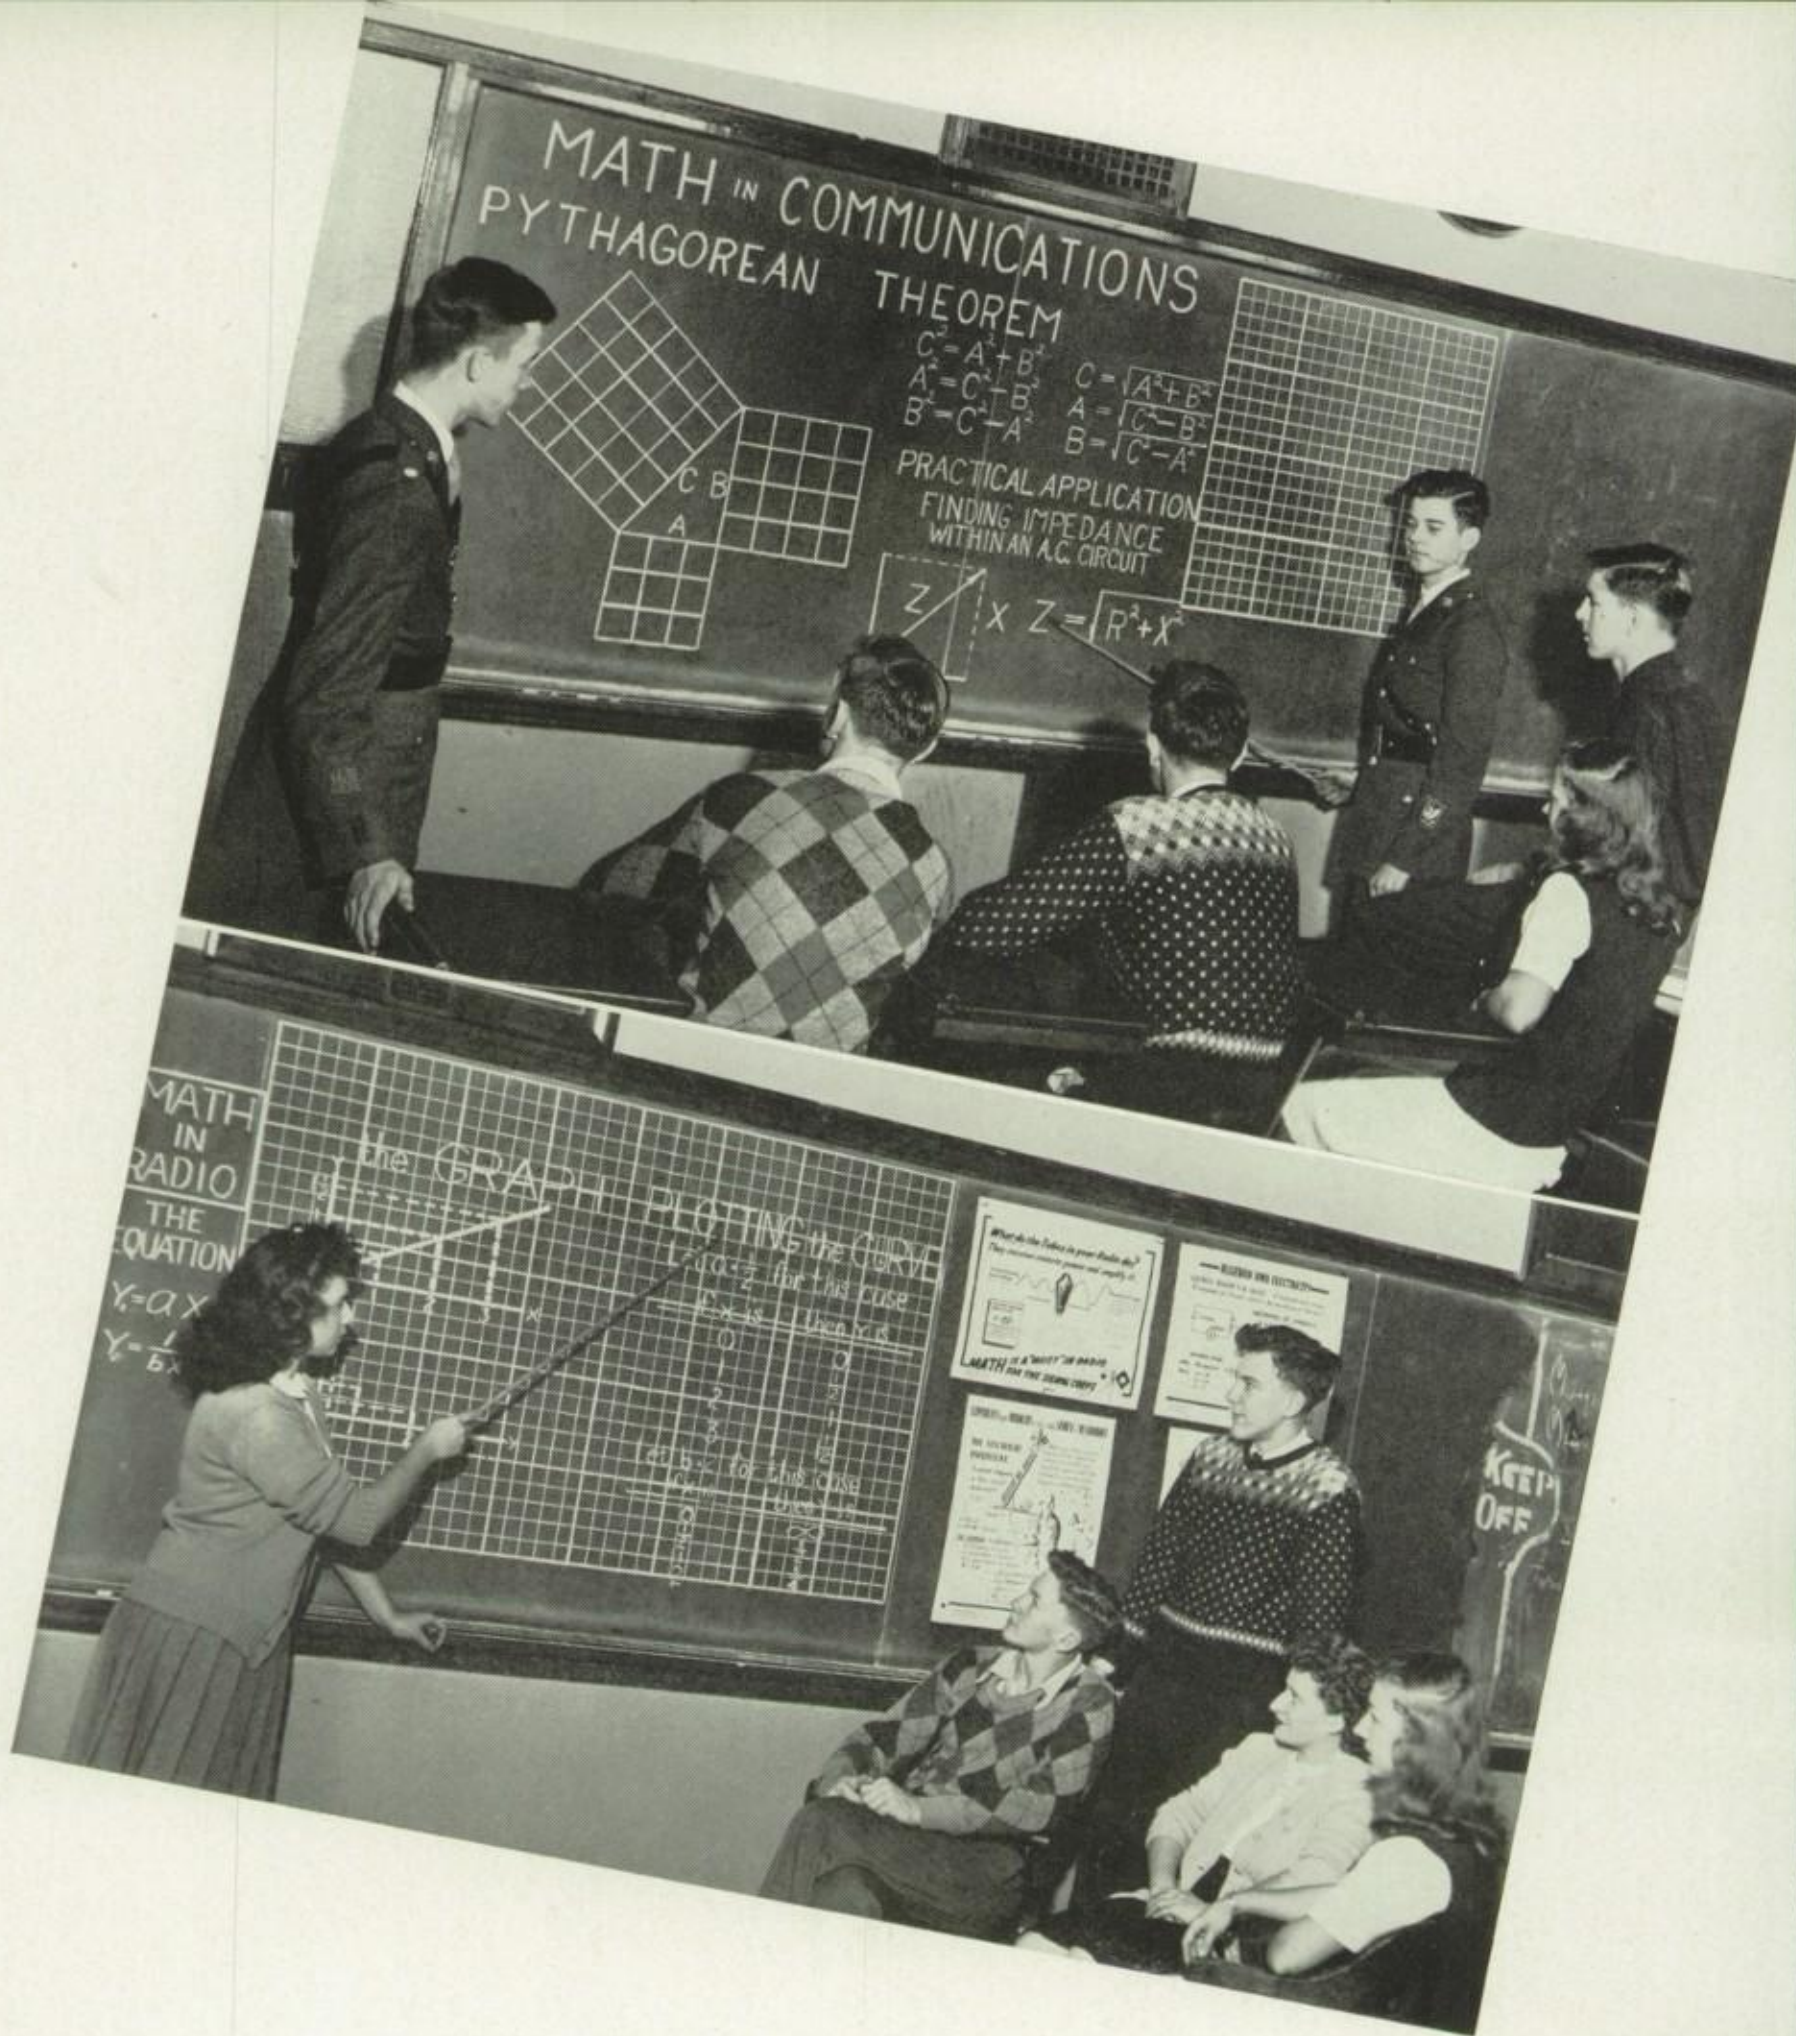

The girls in our cooking classes learn to bake mysterious, appetizing concoctions without burning their fingers.

Besides learning to cook, the girls learn table etiquette, so that they may enjoy their cookery to the utmost.

Home Arts Department

Mathematics Department

Math plays a great part in the field of communications. The basis of solving many puzzling equations is the Pythagorean Theorem.

In our advanced mathematics classes the students often use their knowledge of elementary math to solve many complicated and involved problems.

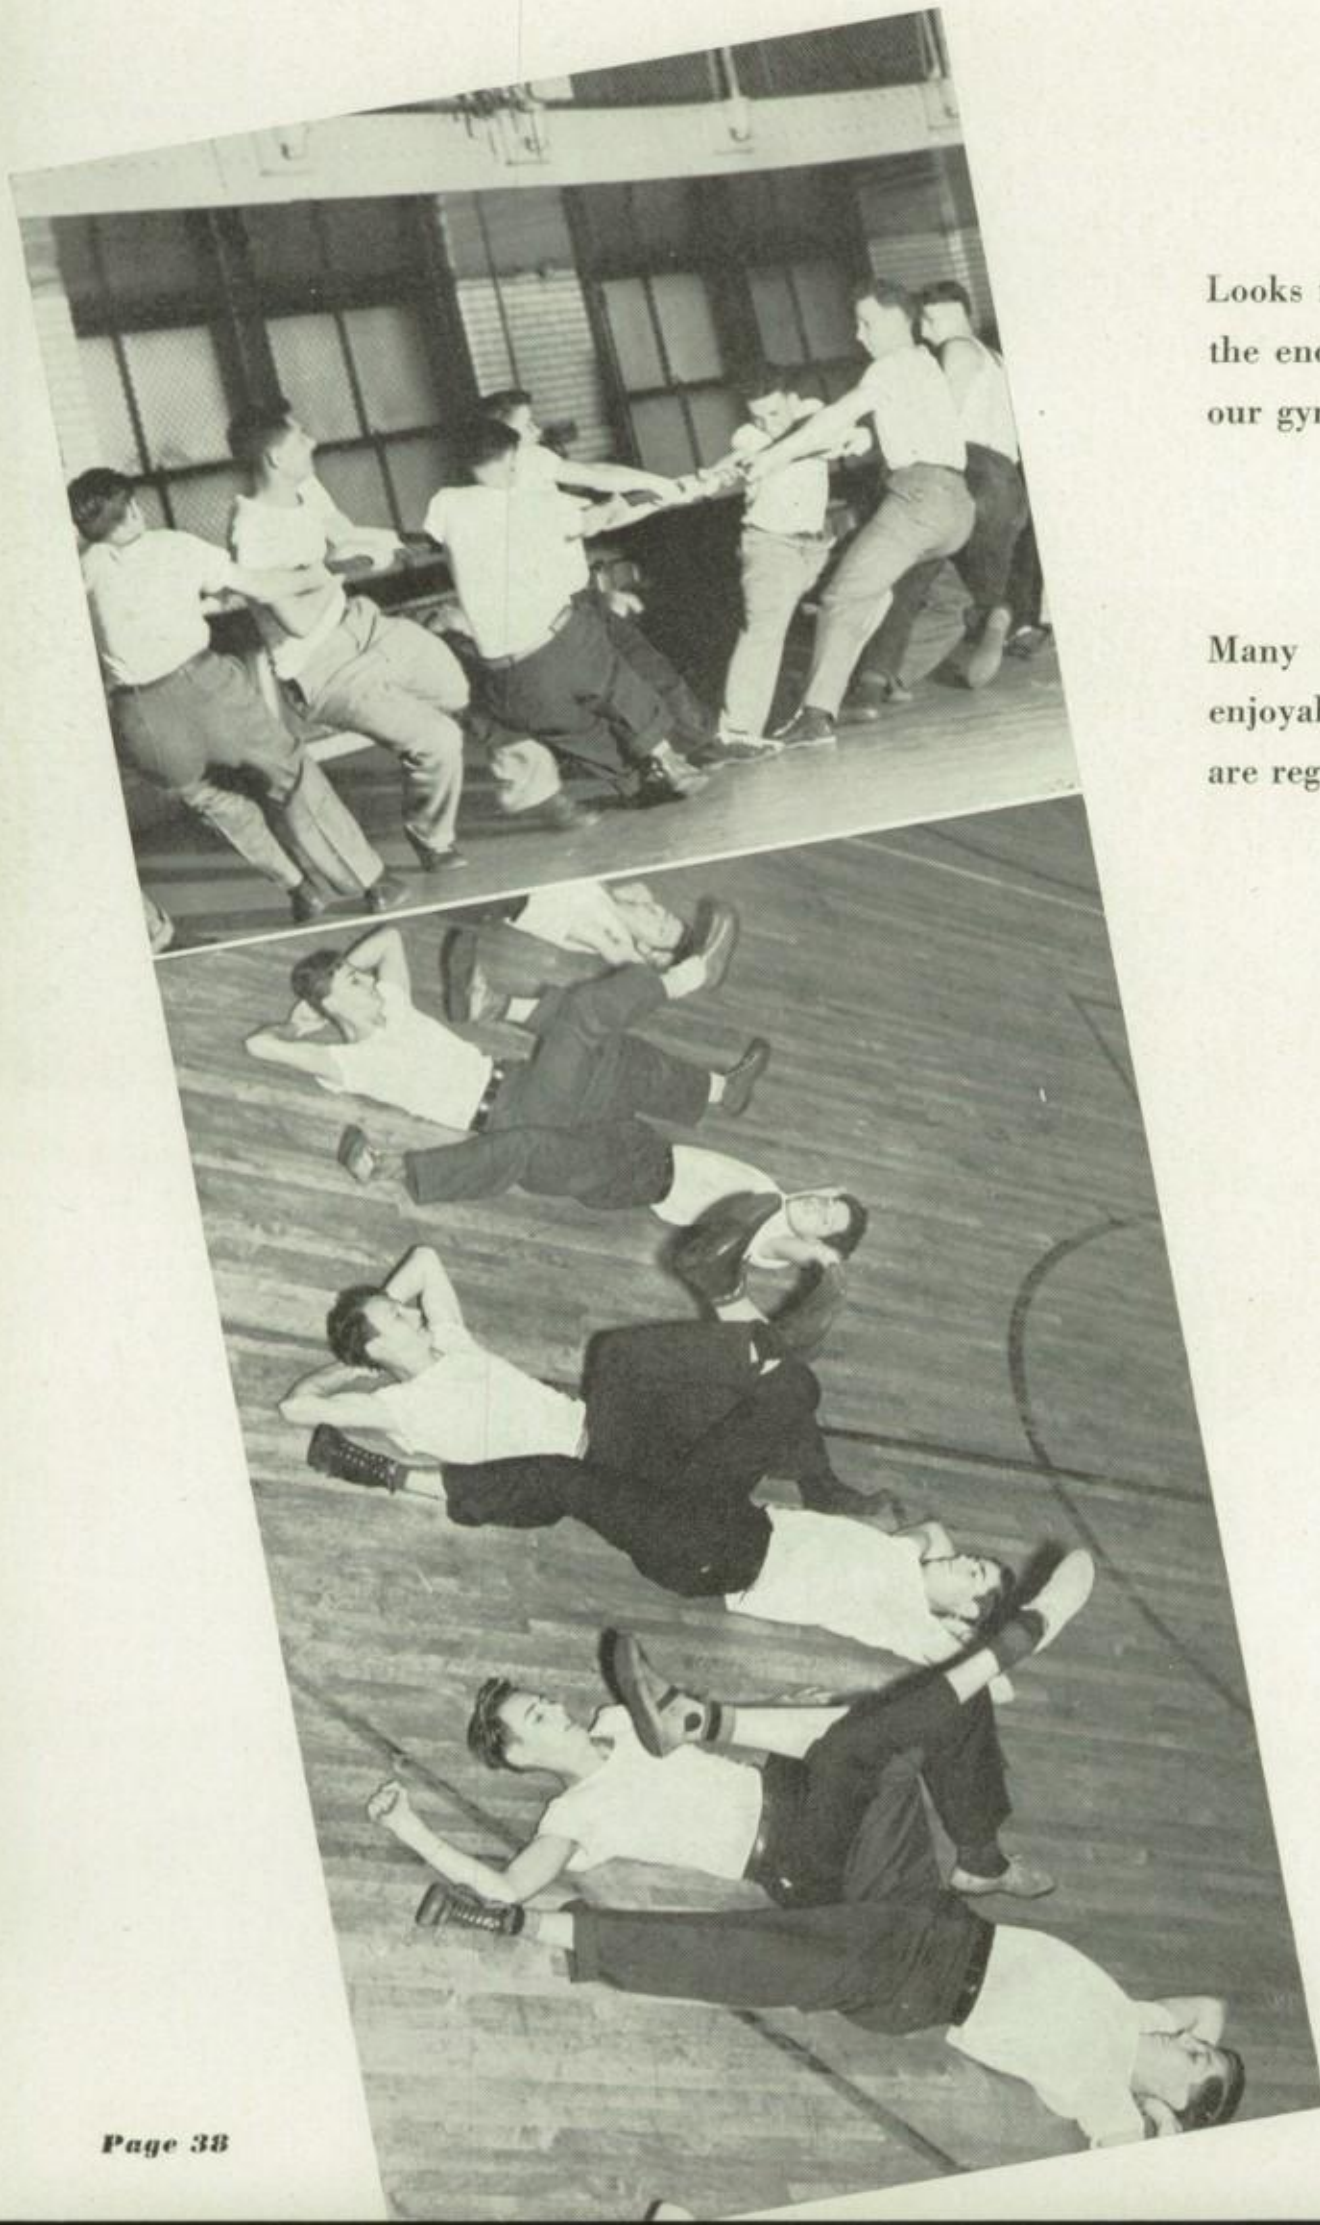

Music Department

Many things, from the make-up of scales to Palestrina and the history of music, are studied in our music classes.

After learning the fundamentals of music, these students put them to use in song. "Practice makes perfect" is more than just a saying.

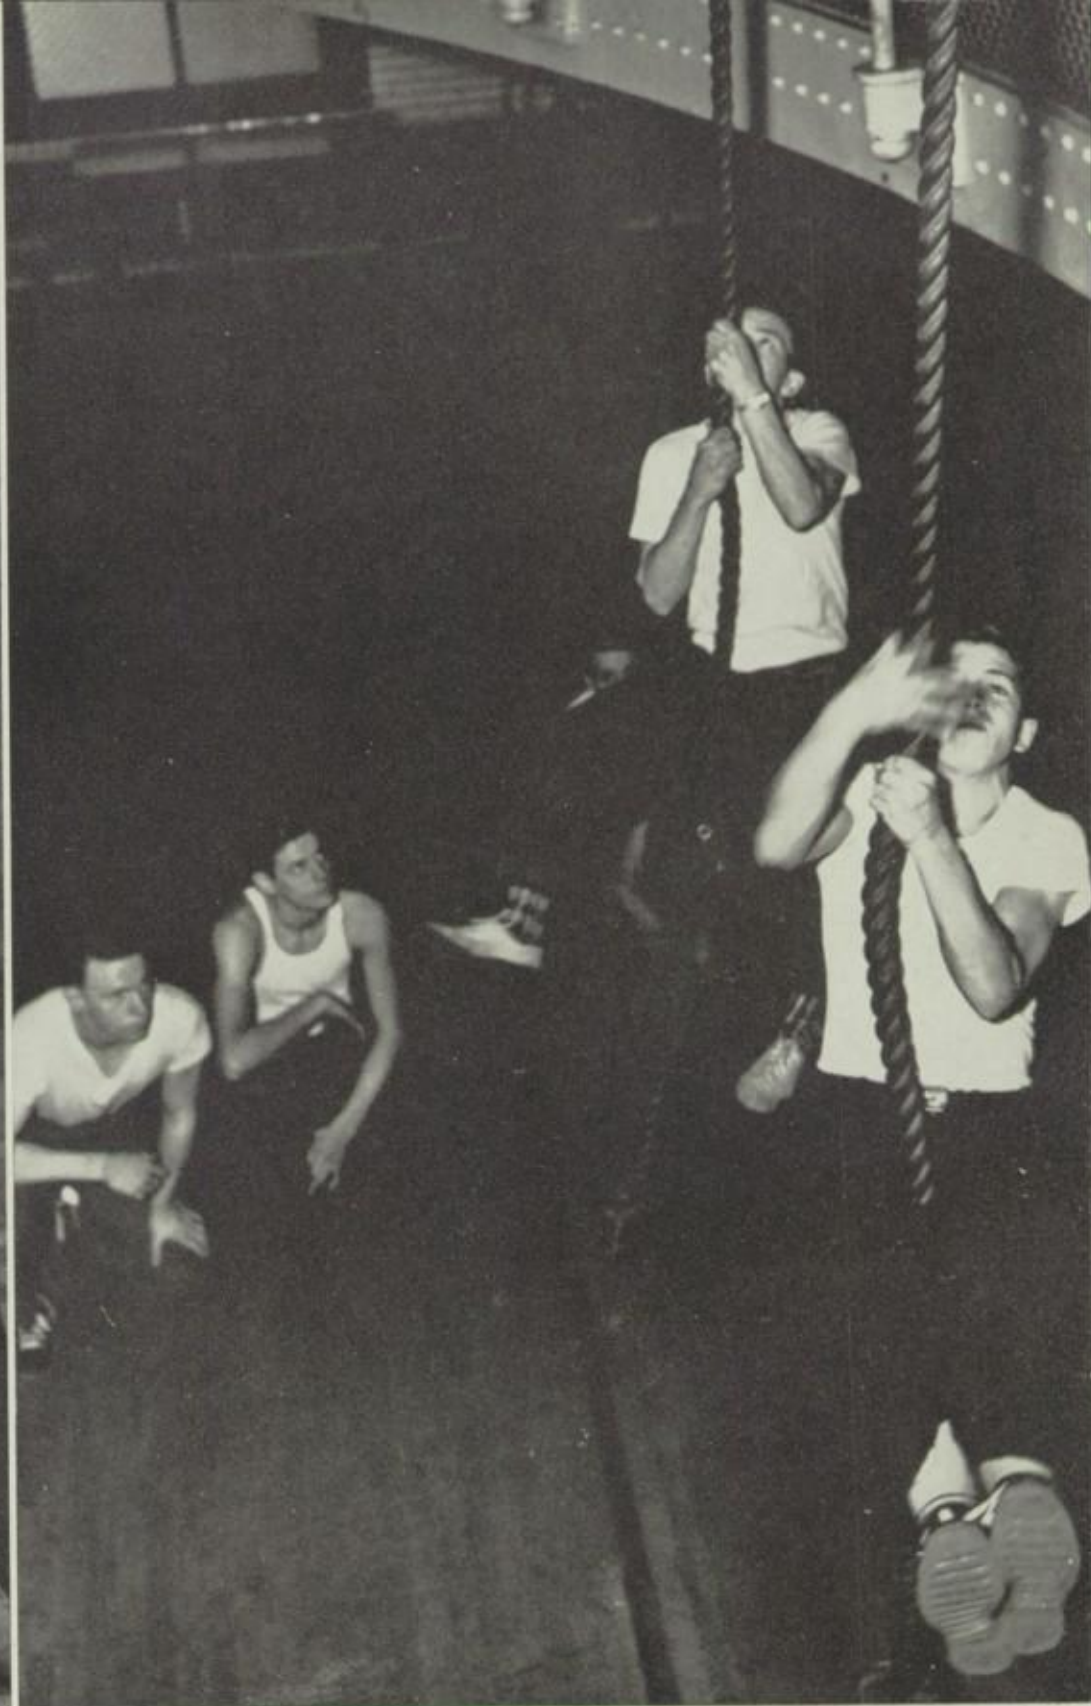

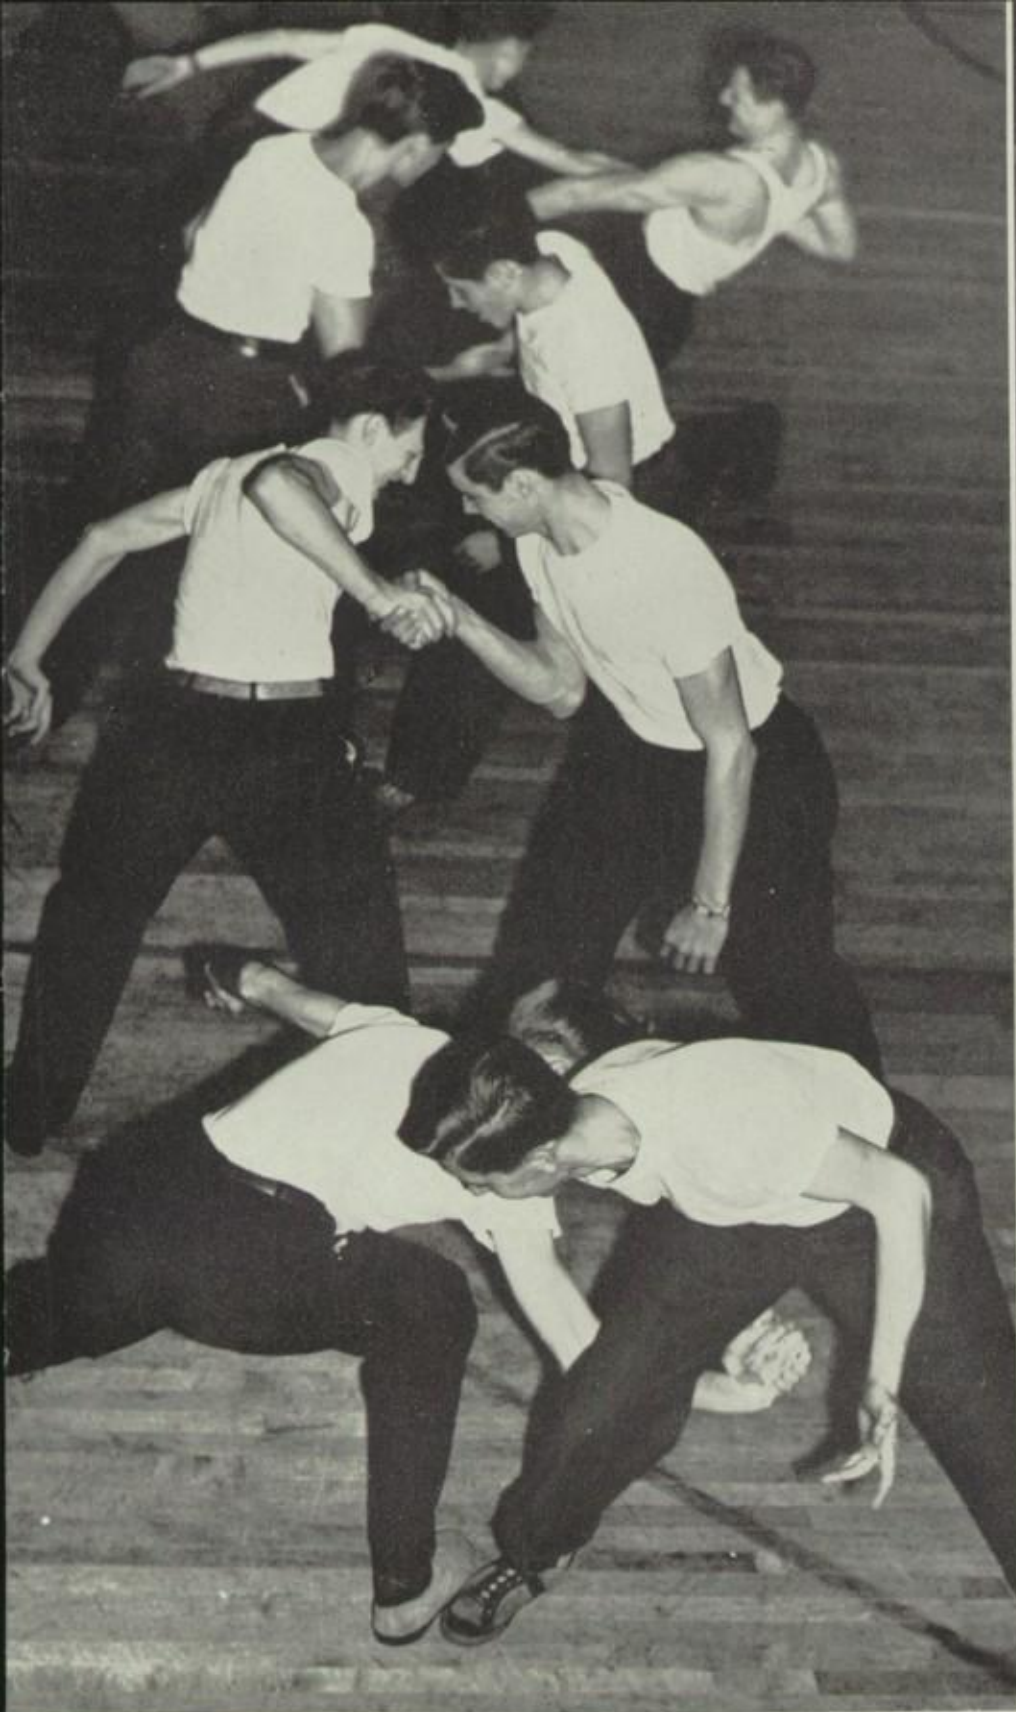

Boys' Gym Department

Looks fun?—Such simple games build up the endurance and strength of the boys in our gym classes.

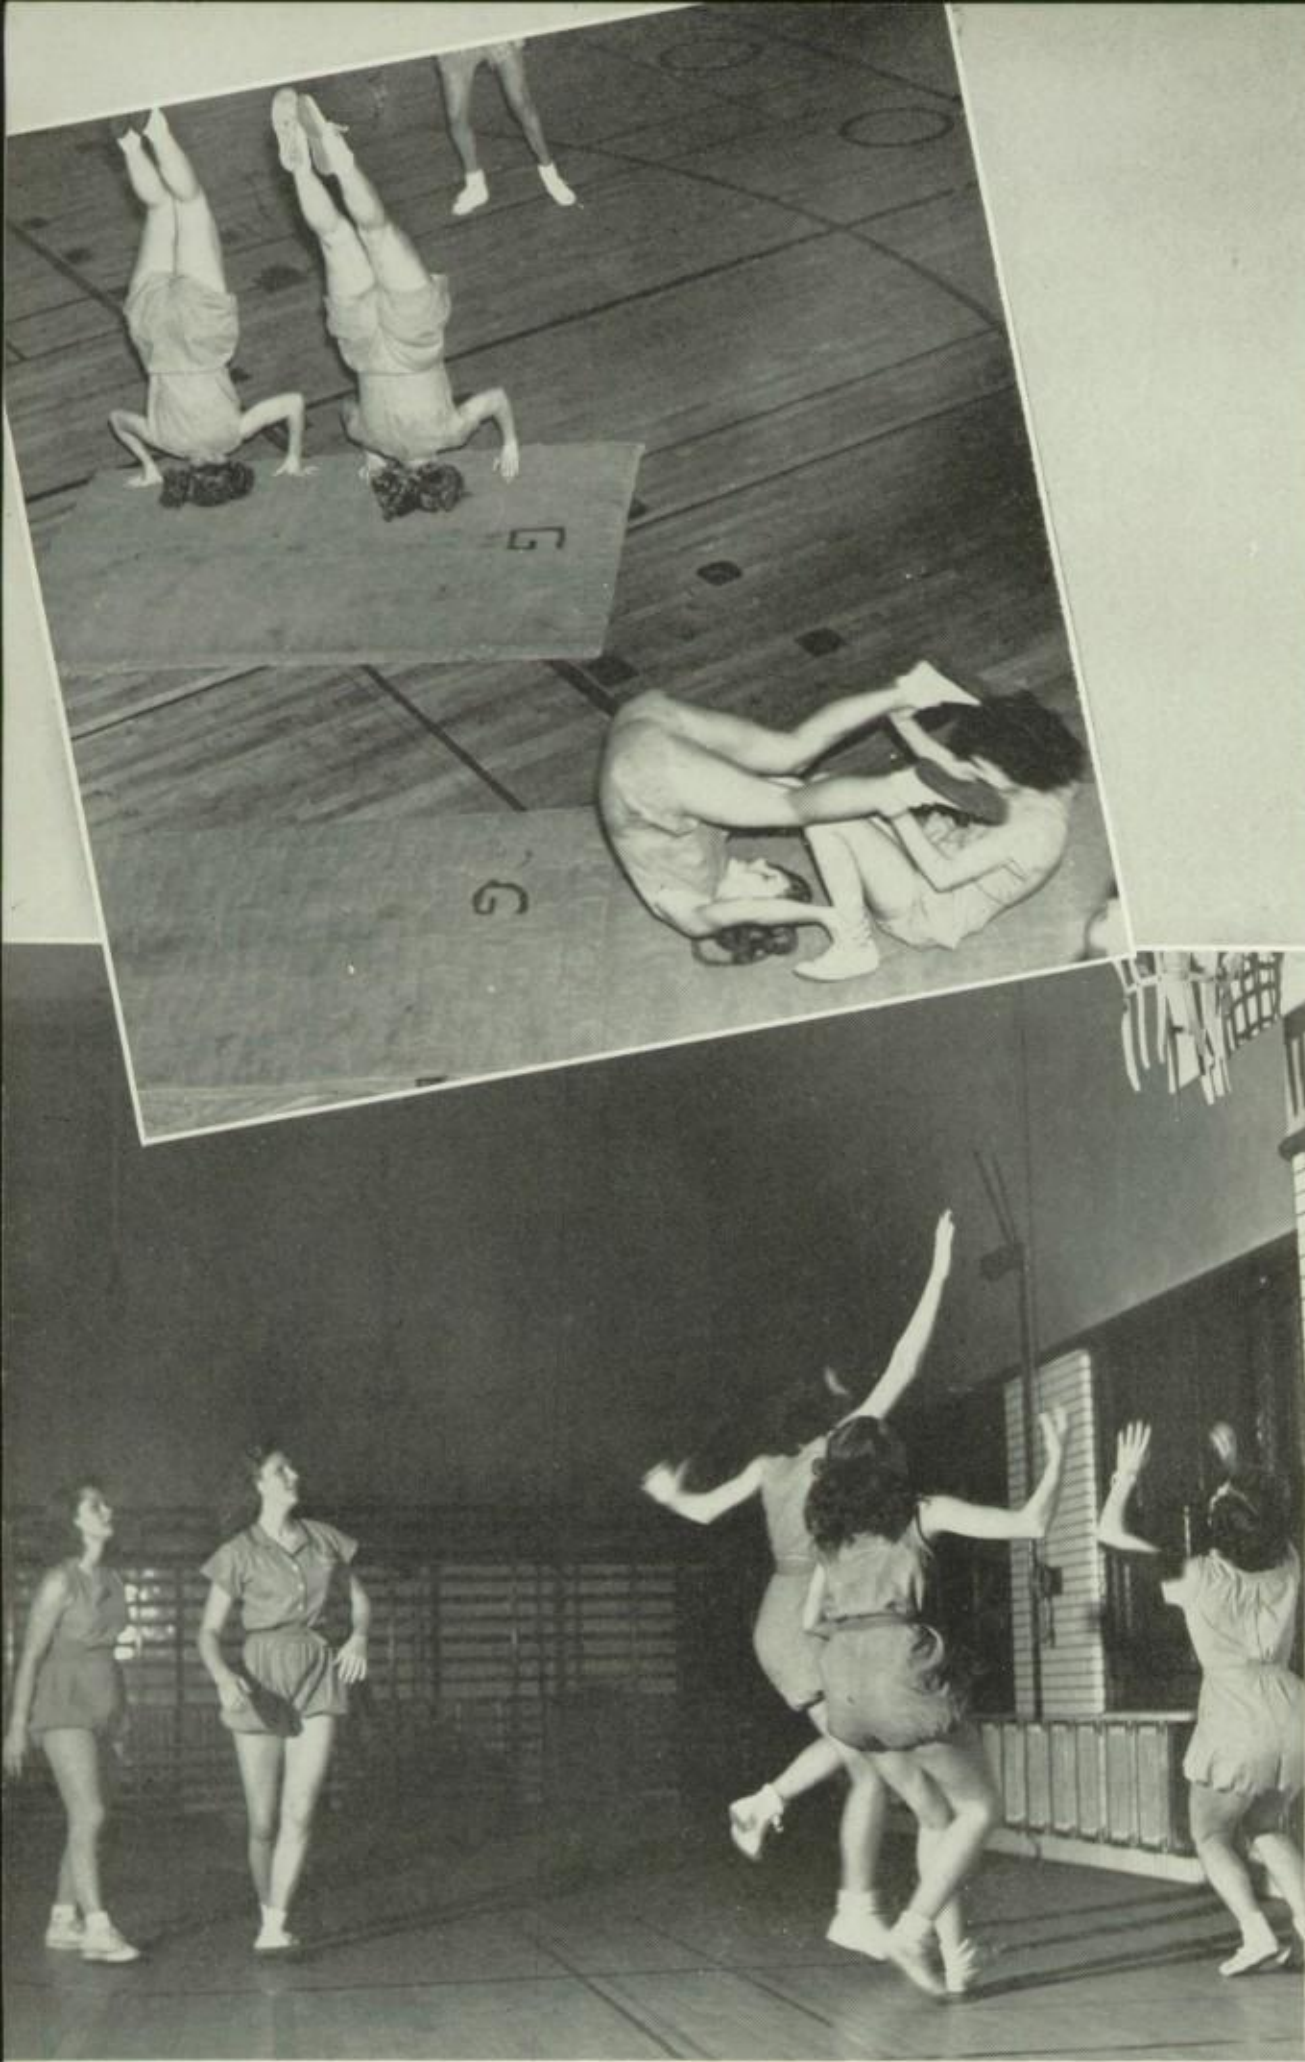

Many types of exercises which are both enjoyable to practice and enjoyable to watch are regularly performed by our boys.

Boys' Gym Department

A good way to test the strength of your grip is to participate in a simple little game of Indian hand wrestling.

Looks easy? Rope climbing is one of the hardest to perform and one of the best exercises to develop those biceps.

Girls' Gym Department

Yes — everything from standing on one's head to performing difficult double-rolls are learned proficiently in the girls' gym.

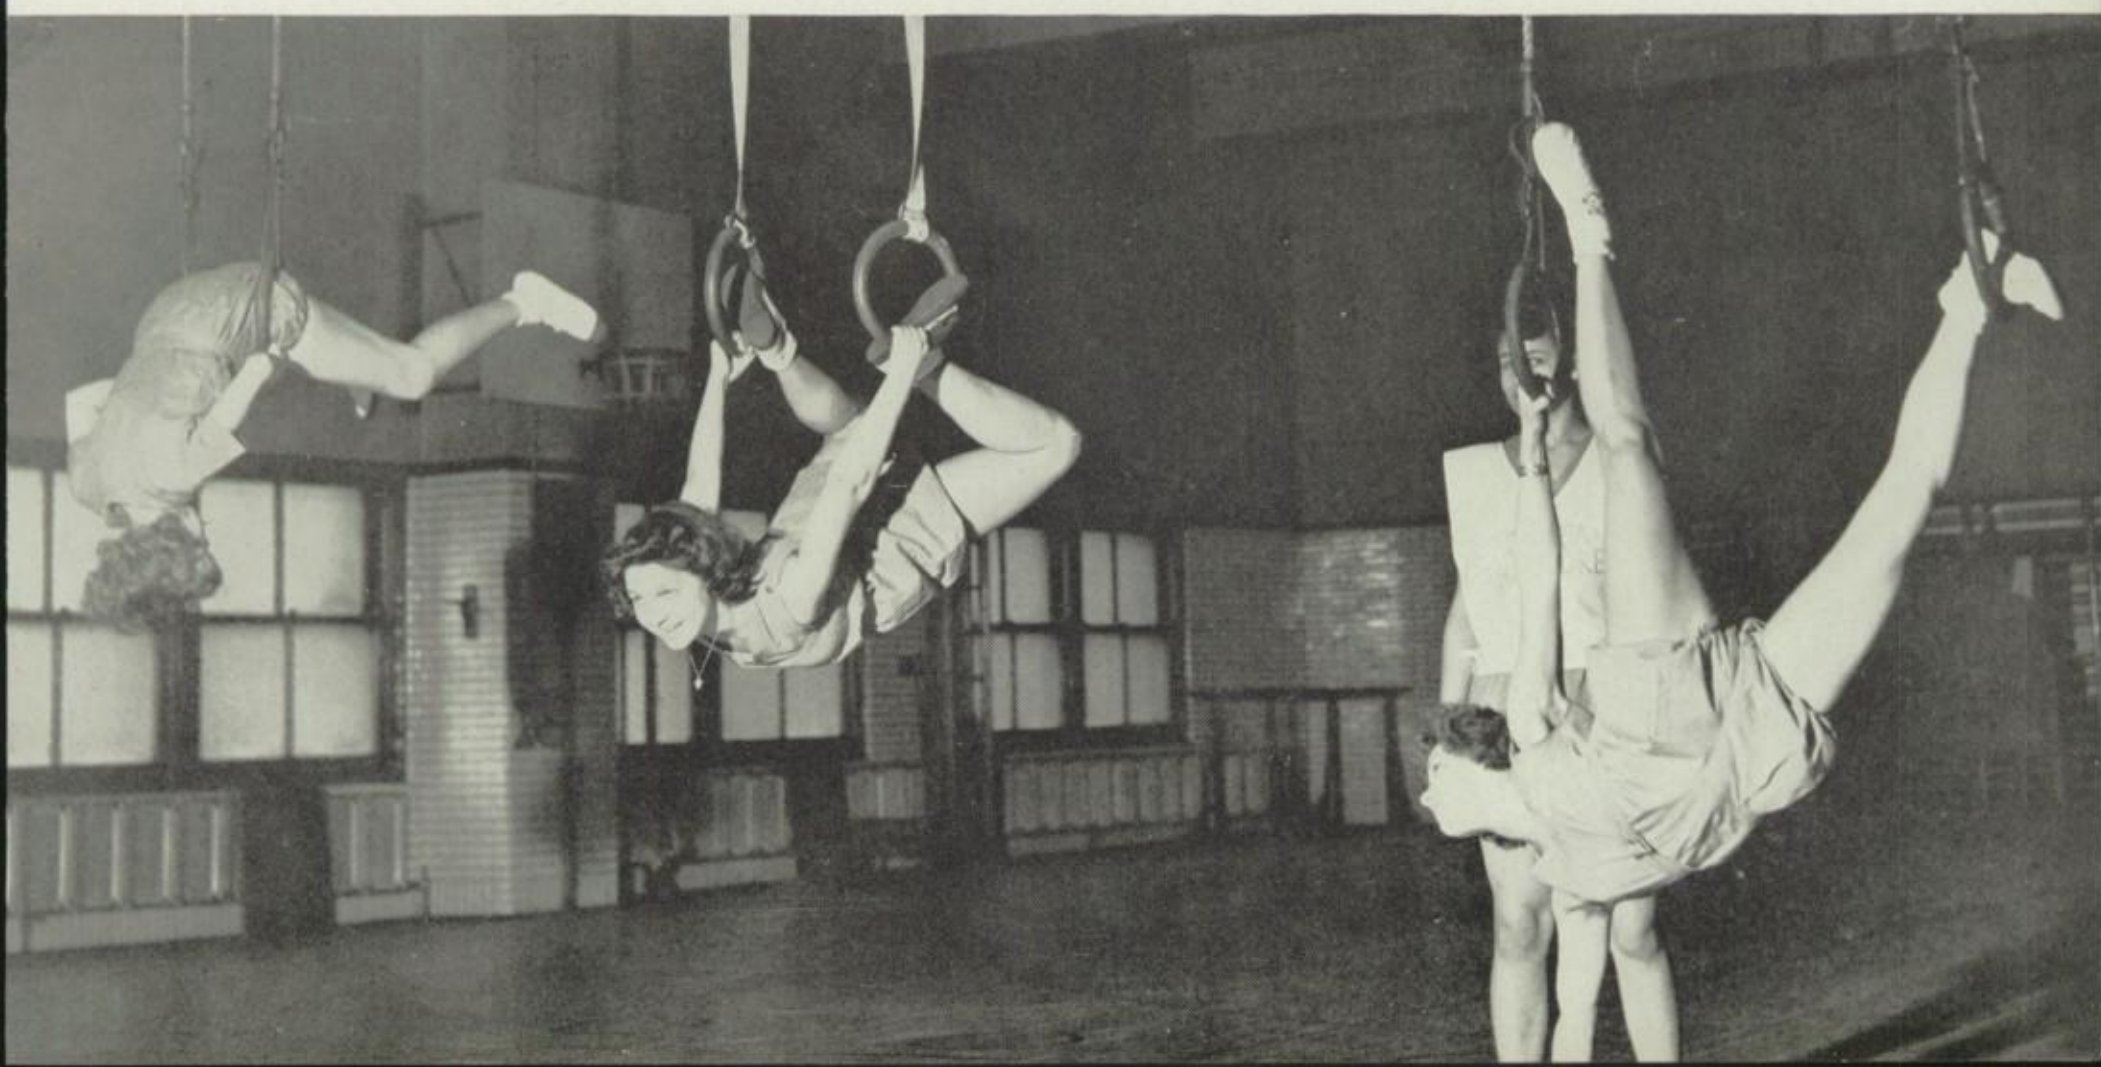

Basketball is one of the favorite games practiced by the girls, since it requires an equal amount of brain work and skill.

In the proficiency classes, guided by Miss Callen's exceptional leaders, poise, grace, and muscular beauty are developed.

Girls' Gym Department

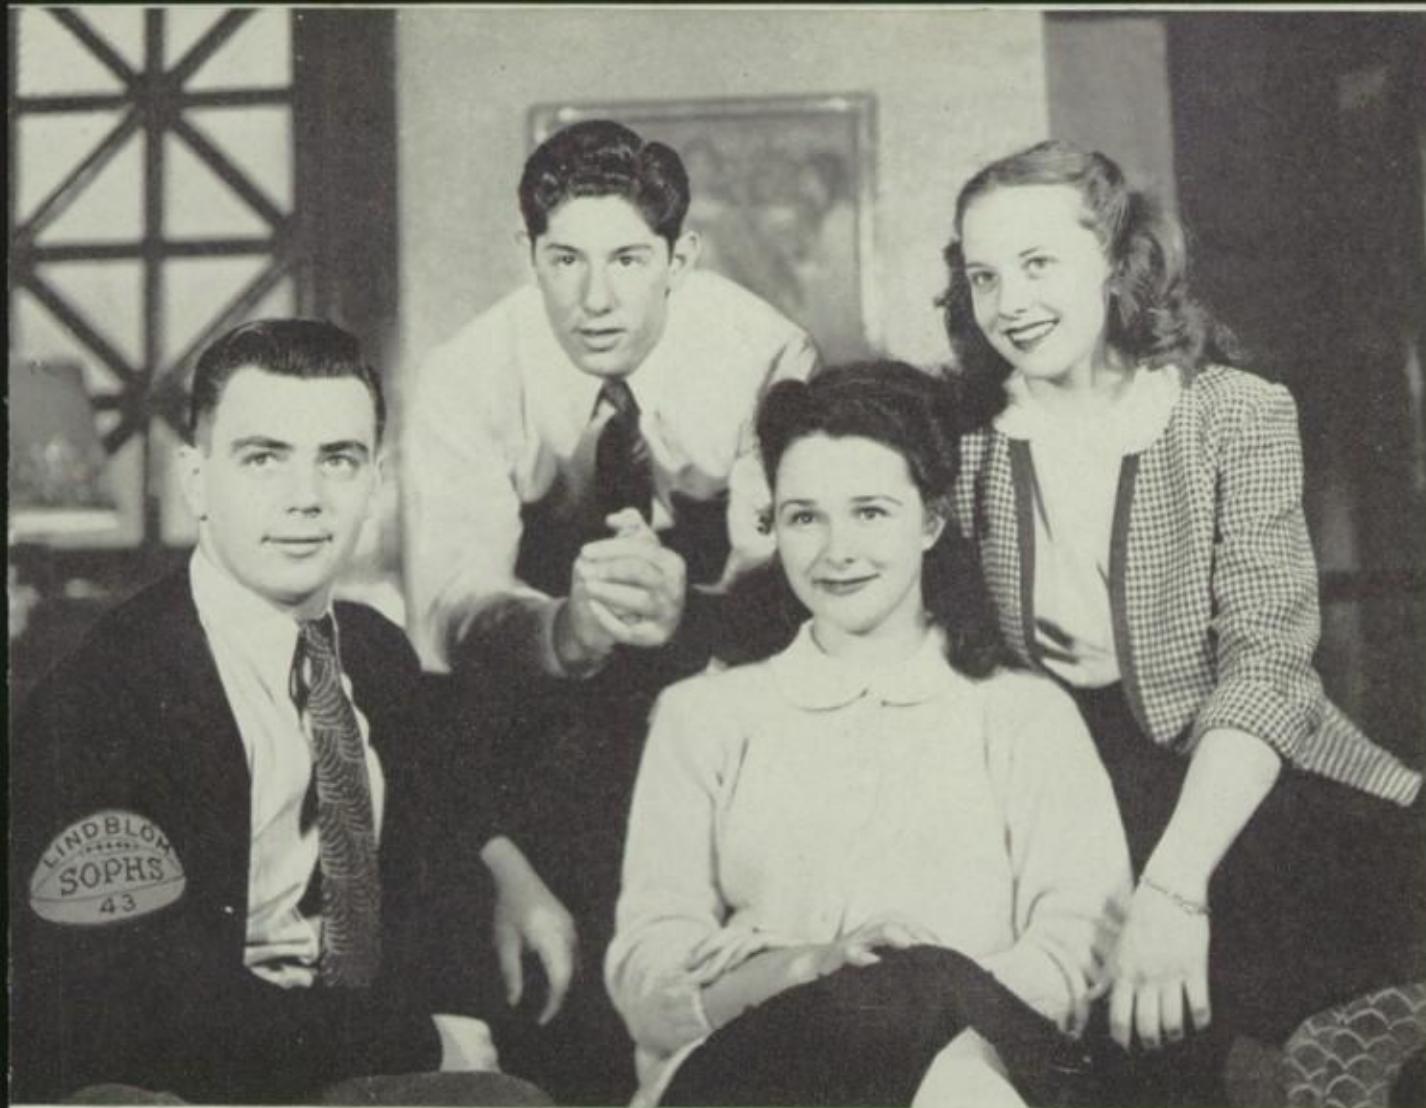

Of stunts and apparatus, an annual obstacle course given to the girls, the "Flying Angel" and "Bird's Nest" seem to be the hardest.

Senior Pinups

Now we are Seniors. . . . This is what we have been looking forward to all during our high school career. But as graduation draws near, we grow sad to think of leaving Lindblom, the school which we have grown to love.

Our Choice

We of the class of June, 1946, selected the following students to represent our 4B class and manage our meetings and activities: Al Dryer presides at meetings, Frank Jakubowski serves as vice president, Ruth Ryjacek is the minute taker, and Robert Paluchowski collector of money. Miss Ryan is sponsor of our class. Each of the eleven divisions elected a candidate for each office. After the primary elections, the eight lowest candidates were dropped and the top three were voted on again. These officers, elected in the democratic procedure followed here at Lindblom, were chosen to guide our class in following and keeping all of the customs and traditions which breathe life and spirit into a place of learning.

Lindblom's Loyalty March

Lindblom High, we're loyal to you;
To us you're ever dear.
Our Eagles will win ev'ry time we sing
So for you we give this cheer—Rah, rah, rah.
Fame and glory we will bring
With honor, steadfast, true;
We stand behind you our Maroon and Gold,
And we'll ever fight for you.
L-T-H-S Hold that line;
Come on, team,
You're doing fine—YEA!

Activity Pinups

As a respite from our studies, we Lindblomites turn our attentions toward activities. Friday night dances, the Spring Festival, language clubs, and a host of other things of interest add greatly to our enjoyment of school.

On entering the luxurious Eagle office, with its incandescent lighting and exclusive heating system, you would most likely hear a great many groans as journalistic geniuses slave to complete literary masterpieces. This year, their lords and masters were Co-Editors-in-Chief, Joyce Schoenheider and Miles Shore; Rick Nevara, Assistant Editor; Don Segin, Literary Editor; and Evelyn Heyman and Don Goyer, Girls' and Boys' Sports Editors. You may see Louise May Bernardy, Business Manager, and Mr. V. C. Mills, Business Advisor, pouring over long columns of figures, as Head Typist, Gerry Vanek pounds the keyboard. Miss C. L. George, Faculty Sponsor, lends her experience to correcting fine grammatical points and other important details toward the compiling of our school's chronicle.

The rivalry between the Weekly and the Eagle, which is a traditional part of the fun of every semester, has long been the subject of the article which appears every year at this point in the Eagle. This year, the year of Atomic Energy, just to prove that in such an age anything can happen, we are going to devote this page, not to sulphurous comments about the paper, but to an appraisal of the Weekly as the force which it is in our community of Lindblom. From the lead articles on the front page to the last ad on the last page, the paper is avidly perused by most of Lindblom when it comes out. Its features are found by students to be both amusing and instructive, and its many subscriptions attest to its popularity among both teachers and pupils.

The Lindblom Weekly is an excellent newspaper—we never said it wasn't—but as far as athletics go, the Weekly could improve. As usual, the annual EAGLE-Weekly six-man Football game was won by the EAGLE team by a score of 26-6. The Weekly put up a fight, but was no match for the smooth EAGLE six.

No, Audrey, Not the Whip!

The repressed-looking characters above are a few of a species of literary life known as Weekly Staffers. The haunted look which distinguishes them from their schoolmates is a result of leaping the treacherous beams which garnish the Weekly office.

Whether it be for the presentation of the Spring Festival, or any of the many meetings which are held each semester at Lindblom, the crowds of people which attend these programs could not be courteously handled without the aid of the Lindblom Ushers Club. There are two points to their service. These are the courteous treatment of strangers, together with assistance whenever needed, and the protection of the public in emergencies. The attitude of the ushers toward their work is an example of the traditional Lindblom spirit, as they willingly give their time and energy for no more reward than the knowledge that they are serving their community and school.

Ardent Classicists

Among our musical prodigies we find the members of the orchestra, who are headed by Mr. Christian Lyngby. It is he who has the profound joy of directing those young geniuses whose music echoes through the corridors of the third floor two periods each day. When you first enter the orchestra you are put into the beginners' group, where you learn the fundamentals of music. After a semester or so, you advance into the concert orchestra which performs at different assemblies during the year. You may take orchestra for either a major or minor credit, or as an extra curricular activity for points toward the Golden Eagle. For seventeen years the orchestra has been one of the leading musical organizations of Lindblom and we are proud of its achievements. So, you more ambitious pupils, why not take advantage of this group?

the Horns They Blaze Away”

Since the coming of Mr. Yates to Lindblom, the band has acquired a spacious band room, and new, distinctive uniforms of maroon with gold trim. Throughout the war, our band, conducted by Capt. Sawyer, played at numerous Civilian Defense gatherings and Pep assemblies. Every football season finds the band faithfully supporting our team on the field. In the band competition that is held annually, Lindblom's band received an "E" rating; and in the instrumental contest most of our entries made an "E" or "S" rating. Good reports like these can be brought about only by hard work and much practice. Toward the end of the day, anyone strolling down the back alley on the third floor may hear either the melodious strains of the symphonic number, or the crashing sounds that accompany a march. Concert band has produced many talented musicians and has helped some of our students who could not otherwise get a musical education.

Champion Throats

The Lindblom A Cappella Choir, under the baton of Mr. Taylor, has been the leading choral group of the city since it was first started. Every morning during the first and second periods you can see Madelyn Krueger industriously checking attendance while the librarians scurry about distributing sheet music. Since the choir's scholarship average is "E" it is easy to see why they usually receive an "S" rating when competing with other schools in choir competitions. The appearances which the choir makes puts cash, which is used for buying music, into the treasury, and they also offer a chance for members to see Chicago.

Songsters

In the last National Choir Competition, Lindblom's A Cappella Choir won first place. Ours was the only school representing the city in the contest. Sometimes the Choir has an engagement where all of the group are not required to sing. On these occasions, small combined groups of soloists, or the Madrigal Singers, appear. Directed by Joseph R. Taylor, these singers put in many hard hours of practice to achieve final success. They often entertain at clubs, local gatherings, and at church activities. Though busy with these engagements, the choir has maintained a scholastic average of E plus. In every way they uphold the reputation Lindblom has for fine music and better musicians.

Another year and another superior rating in the annual choral competition for our Girls' Chorus. To an outsider the regularity with which our chorus wins an "S" is almost uncanny. To the girls and Mrs. Rosenthal, their director, it is a never-ceasing thrill, a reward for their continuous hard work, ambition, enthusiasm and devotion to Lindblom.

Thy Dear Name to Sing"

Lindblom is proud of her choral groups. The Boys' Chorus, directed by Mrs. Rosenthal, has again won an "E" in the recent choral contest, and the Girls' Chorus has won their eighth straight "S". The boys elected Al Dreyer president, Jerry Looby vice-president, Mike Krafcisin treasurer, and Rich Bergsma and Al Woll secretaries. Jean Sherman presides over the Girls' Chorus assisted by Emily Kicul, treasurer, and secretaries Joan Daley, Mary Ann Allen, and Agrypine Kowalski.

Some of the Bigger Boys

To belong to the Senior Boys' Council is the highest honor a boy can attain after spending three years at Lindblom. Each semester finds gathered into this organization the leading seniors in every field of endeavor. The annual Pep Book put out by the council is eagerly awaited by sports fans. The other services of the club are also much appreciated by the school.

Sisters of the Samovar

Our senior girl councilors, who are always recognized by brilliant red jackets with the "owl" emblems and by gleaming white skirts, are chosen by both their teachers and their classmates on the basis of scholarship, character, personality, poise, and extra-curricular activities. The girls, besides performing the numerous small but essential tasks necessary in keeping the Social Room in order, also serve as hostesses at the many teas and other social functions which are held throughout the semester, and may often be seen in the corridors selling bows, flowers, and candy for the benefit of the Social Room.

We gain membership in the Honor Society by acquiring as our final marks, a Grade of E or higher in all major subjects, and a G or better in all minors. Do not think just because we get these grades we are "stuffed shirts," as we are called in most schools. Here at Lindblom this old idea is rapidly being changed, for the incentive to achieve higher scholastic records has spread among the students, who are proud to see their names displayed on a plaque in the front hall. Since this is such a large organization, the officers represent the members and take charge of all problems which may arise.

Service is Our Motto

The Inter-Cabinet Council is a representative body which functions for the school under the sponsorship of Mr. Jepsen. Not only is it an honor to be chosen into this organization, but it is a privilege to be able to serve under its auspices. Representatives from various organizations are chosen into the council and hence it offers a good representation of the entire student body. Among its notable achievements is furnishing of soap and towels in the washrooms. It is also considering a plaque honoring Lindblom's fallen heroes. Many of the Friday night dances which are part of Lindblom's social life have also been sponsored by the council.

The baby sisters of the Debs, called the Sub Debs, formed their club solely for social purposes, and hold their meetings once a month. Refreshments are served at each one of these gatherings, and Mrs. Rule, their sponsor, supervises all teas and parties, seeing to it that every member has a good time. One of the outstanding events of the semester is the initiation, when the girls go to classes dressed ridiculously, and carrying the traditional baby dolls. Of course the initiation is all taken in good fun, for it is these girls, and others like them, that helped to establish this Lindblom tradition.

To be associated with the Mail Service or Pink Jacket Girls, as we of Lindblom call them, is considered quite an honor, for through these young ladies the offices are kept running smoothly and efficiently, and the teachers are relieved of much tediously routined bookkeeping. Just think what Lindblom would be like without these intelligent and clever girls, who answer telephones, run errands, do filing and so many other things that are too numerous to mention. They are rewarded during the semester with delightful teas given by their sponsor, Mrs. Atkinson.

The Mail Service was founded twenty-three years ago with the first members receiving credit for gym. Since then the duties have widened and the club consists of only the most capable and trustworthy girls of Lindblom. After three semesters of membership in this erudite organization, the girls are eligible to wear their coveted Pink Jackets. Without the aid of these efficient girls the offices of Lindblom would not be able to function properly.

Besmearred Esthetics

Essentially, art is divided into two main fields, commercial and fine art. Our newly formed commercial art class stresses acquainting the students with the world of commercial art and helps the pupils to decide upon their future careers. This class is exposed to all types of advertising and selling art. The figure drawing class, representing fine art, enables the students to exercise their artistic talents to further advantage, because if one can draw the human figure to perfection one can draw anything. Guided by Mr. Schmitt, both the commercial art and the figure drawing classes, taken as major subjects, help to prepare the student for future life and enjoyment.

A career as a fashion designer is the acme of accomplishment to some fifty of our Lindblom girls. To help them to achieve their goal, the Costume Design class directed by Mrs. Knehans gives them practice in designing smart, original creations. To give them a background in this field, period fashions dating back to the Egyptians are studied. The designs are executed in full color and some of the best formed an exhibit which held a prominent place in the hall during the fall term. So interested in their subject are these girls that a Costume Design club was formed which was called the Charm Dots. Monthly meetings were held which were not only of a social character, but also tended to give the girls further instruction.

Comptometry Lovers

The following results speak for themselves regarding speed and accuracy of Comptometry for these girls with adaptability for this work. They had hardly begun the course when they did a 25-minute problem in 22 to 26 seconds. Shirley Almaraz did it in 22 seconds; Lucille Capek, in 23; Alice Florek and Stella Matuzas, in 25; and Annamae Music and Mildred Valasek in 26 seconds. Thanks to Ruth Wrubel, who had everything to do with influencing them to do so well. Thanks to her again for inspiring Ethel Jesse and Jean Tetrev, enabling them to hand out the bills and to check the answers with such ease and promptness. Miss Appleby was surprised to find how much the girls had learned in so short a time.

The girls of Lindblom's typing teams are selected by the process of elimination from among the winners of the various typing classes. The aim of Los Chamacos and Los Corderitos is to become better acquainted with the background and lives of the people of Spanish speaking countries. The students acquire a knowledge of the ways and customs of the Spaniards by giving Spanish plays on radio shows. They also have quizzes and play Spanish games. Miss Moore, head of our language department, has charge of both of these clubs. The members of Los Corderitos or "The Little Lambs" are just the opposite of the shy, docile personalities their name implies. To those of you unfamiliar with Spanish, Los Chamacos is slang for "The Kids." Since widespread use of the airplane is foreseen, knowledge of the Spanish language and Latin-American customs will be more important than ever before. Some of our students will be able to see the romantic lands about which they have studied.

We Look South of the Border

Along with the students interested in music, science, and art, we find here at Lindblom, those with an ever-increasing interest in foreign languages. Among the three languages offered at Lindblom, we find those who will declare that Spanish is by far the most interesting. They prove their point well when they start discussing the customs and ideas of the Spanish and South American peoples. In order to create an atmosphere of friendship and give students a chance to speak Spanish, clubs have been formed. Los Imposibles and Los Trasnosedores, lead by Miss Ryan and Miss Moore respectively, are training their members to respect Spanish ways and customs.

Much understanding of Latin America may be acquired through our Spanish clubs here at Lindblom. We of the Los Inocentes and Los Tontos are seizing every opportunity of furthering our knowledge of Spanish history, culture, and customs. Besides enjoying the Spanish entertainment at our meetings, we are strengthening our relations with the Spanish speaking nations of the world.

Comites Caesaris is the name given to Miss O'Connell's Latin Club. Translated, Comites Caesaris means Companions of Caesar, a title which the students earn by studying about Caesar in books concerning Roman history. Frequently, Roman habits, beliefs, religions, and customs are discussed in the club. Entertainment is provided when Latin games are played. A scene from the play "Le Voyage de M. Perrichon" was dramatized by Le Cercle Francais, after having been read in class. Le Cercle Francais, the French Club sponsored and directed by Miss Sullivan, not only reads French books and plays, but also comes eye to eye with the country itself via the movie projection machine during club sessions.

Our Spanish clubs here at Lindblom have become prominent in the last few years. The common goal of all the clubs is to promote interest in Spanish speaking countries. Los Viajeros Habladores, or the Talkative Travelers, and Los Diablitos, under the sponsorship of Miss Butts, have an instructive and social program that will benefit them greatly in their speaking of the Spanish language. With world-wide peace and security the main topic of discussion today, it is altogether fitting that our Lindblomites learn to speak about, and become acquainted with the customs and ideas of our Southern neighbors.

Student Guild

The Student Guild, under the direction of Mr. Palmer, gives a new opportunity to the students of Lindblom in that it brings together pupils excelling in both scholarship and extra-curricular activities. This organization, meeting each Thursday during the ninth period, offers the best of lectures and music to its members. Topics of interest are discussed among pupils. Mr. Palmer chats on subjects of varied nature, from ancient history to things more recent. Good music is listened to periodically and occasionally a guest speaker is heard. At one meeting Mr. Small gave a fascinating speech on the atom bomb. The Student Guild also meets outside of school. This year the organization attended the opera, "La Traviata."

The Dizzy Baton

As their contribution to our Open House last fall, the boys' chorus presented a short skit entitled, "The Dizzy Baton." Its setting was a music school under the direction of the very eccentric Professor Sforzando, alias Jerry Looby, with Marcus Bartoli portraying Monsieur Glissando, his accompanist. The feminine parts were also played by the fellows. The antics of Al Woll, as Evelina, and the performances of the graceful damsels in the chorus, were quite a sight to see! The entire production was directed by Mrs. Rosenthal and came up to all expectations as a hilarious success.

Athletics

Athletic Pinups

Keeping our eyes on the goal of a well-rounded education, we at Lindblom join in sports avidly. We crowd all the events, from the Tilden football game, to a rip-roaring ping pong match in the Girl's Gym.

Well-Padded Goliaths

One of the more rugged sports in which we at Lindblom are interested is football. Our squad has two divisions. One is the varsity, the other the sophomore team. The latter team is similar to a conditioning team. If the boys out for football are not quite equal to demands of the varsity they are assigned to Mr. Von Bremer who has charge of the "soph" team. The varsity squad trained by Coach Moore is the cream of the crop. Not only are they picked for their excellence in tackling, passing, punting, blocking, and running, but also for their team spirit.

The Pay-Dirt Boys

The Eagles, by snapping out of their first game fog, trounced the Kelly Trojans by an 18-0 score. The Maroon and Gold eleven were unable to penetrate the Kelly defense during the first quarter and the spectators found the game at a 0-0 deadlock at the finish of the first half. The third quarter appeared different however, as Babendir and Rizzo tallied to make the struggle 12-0. Babendir once again scored on a forty-yard punt return in the fourth quarter to terminate the scoring for the evening.

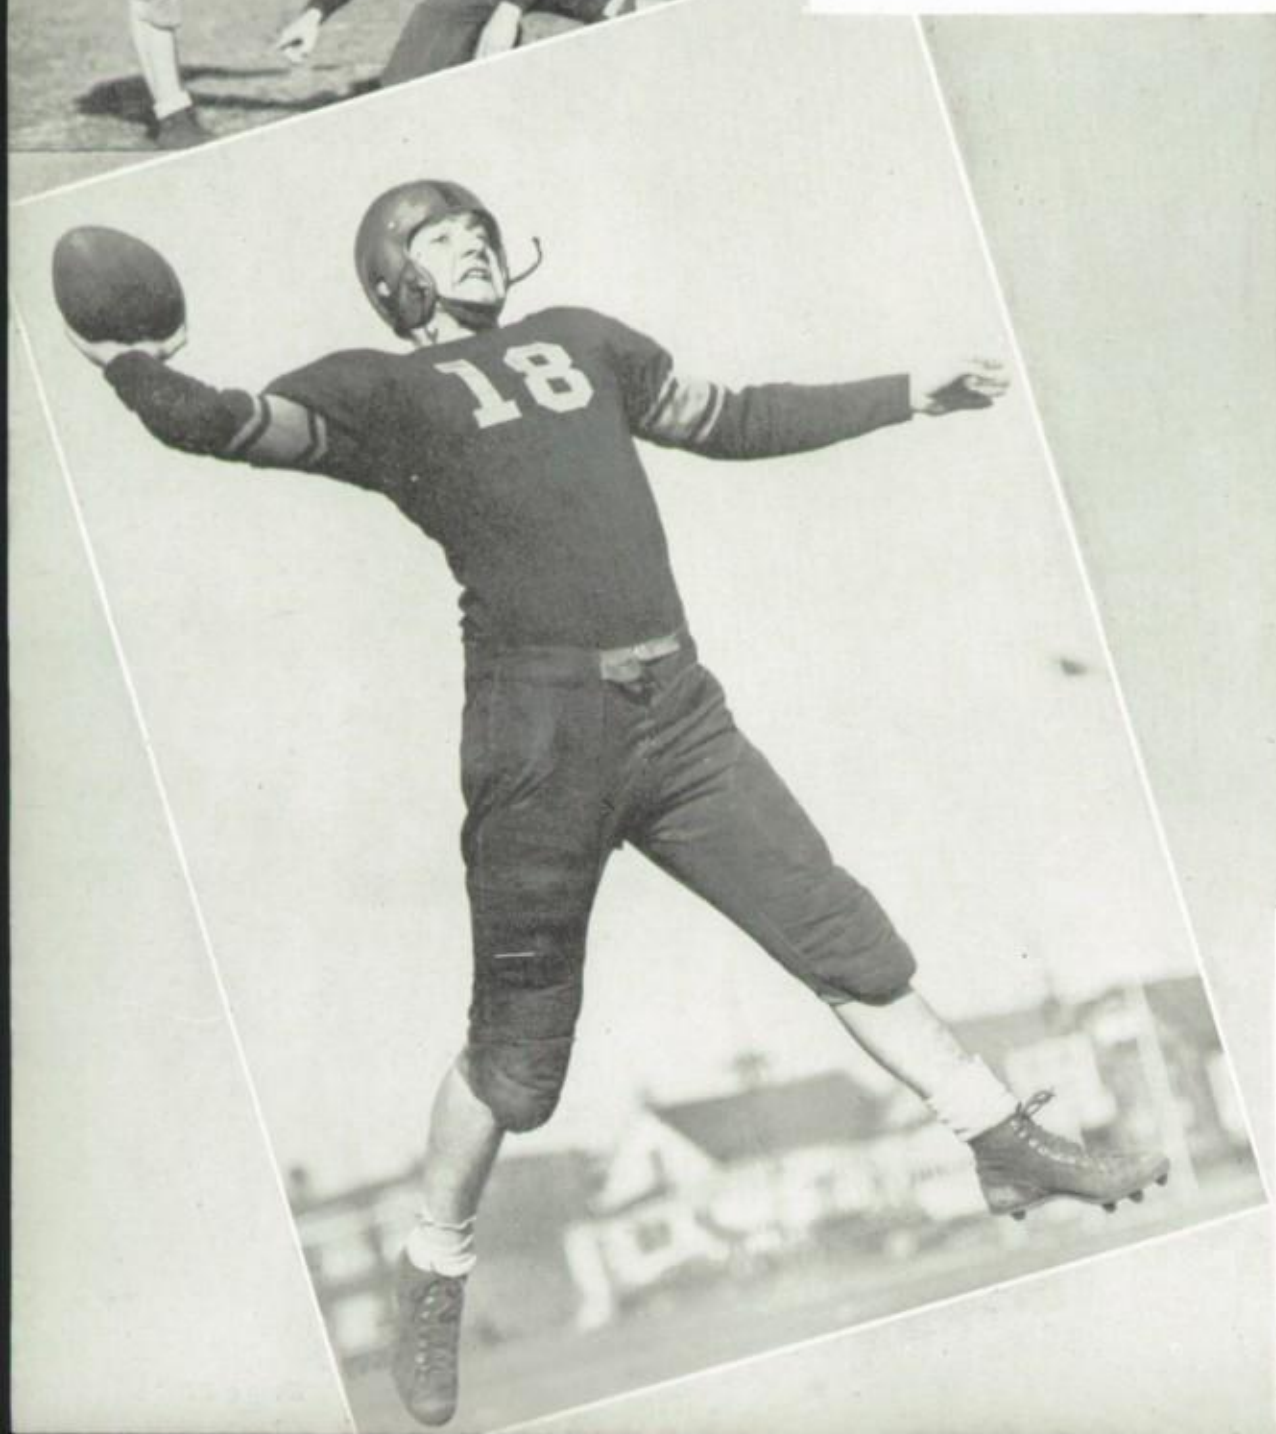

Sliding and slipping along, Lindblom whipped DuSable 12-0, in the muddiest victory of the season. Because of the mud, Bieber and Rizzo were the only Eagle players to cross the goal line during the game.

The Eagles gained a third straight victory as they tripped an improved Englewood eleven 6-0, on a single touchdown pass by Lackner.

Harder, Harder!

When September rolled around last year the question that Lindblomites were asking was: "What kind of a team will we have this year?" Their question was promptly answered. One of the strongest and gamest teams of high school gridirons was observed. The squad was composed of players who had been second and third string players the preceding season and some former Sophomores. The only first string men to return were Harry Smale, playing center, and Ray Rizzo; yet our team was the best in the Central section. Our first game was a practice one with Fenger. The team was determined to give a better showing than the year before. Rizzo scored a 70-yard dash in the early minutes, that electrified the spectators. Fenger then tied the game before the half, 6-6. The game became a heartbreaker when Fenger scored, and the contest ended 13-6 with Fenger, the victor.

We Love Our Mudders!

The Eagles took their fourth straight game by eliminating Farragut High School, 26-6. Lindblom did not score until the second quarter when "Long John" Genge seized a fumbled ball and crossed the goal line. Bob Lackner converted and the score was 7-6. Ray Rizzo followed with another tally and Lindblom was leading, 13-6, at the half. At the conclusion of the third quarter the score was still 13-6, but Bieber and Rizzo scored in the fourth quarter, assuring a victory.

Tilden, paced by Bill Gay, defeated Lindblom in a real "heart-breaker," 20-13.

Lindblom finished a successful season by crushing Dunbar, 45-0. Rizzo scored by taking advantage of a very poor kick. Red Steele scored and Lackner converted to make the score 13-0 at the first quarter ending. Bob Lackner scored out and then converted to increase our lead seven more points. Bieber also crossed the goal to make the score 26-0 at the finish of the half. The maroon and gold eleven tallied nineteen more points in the second half.

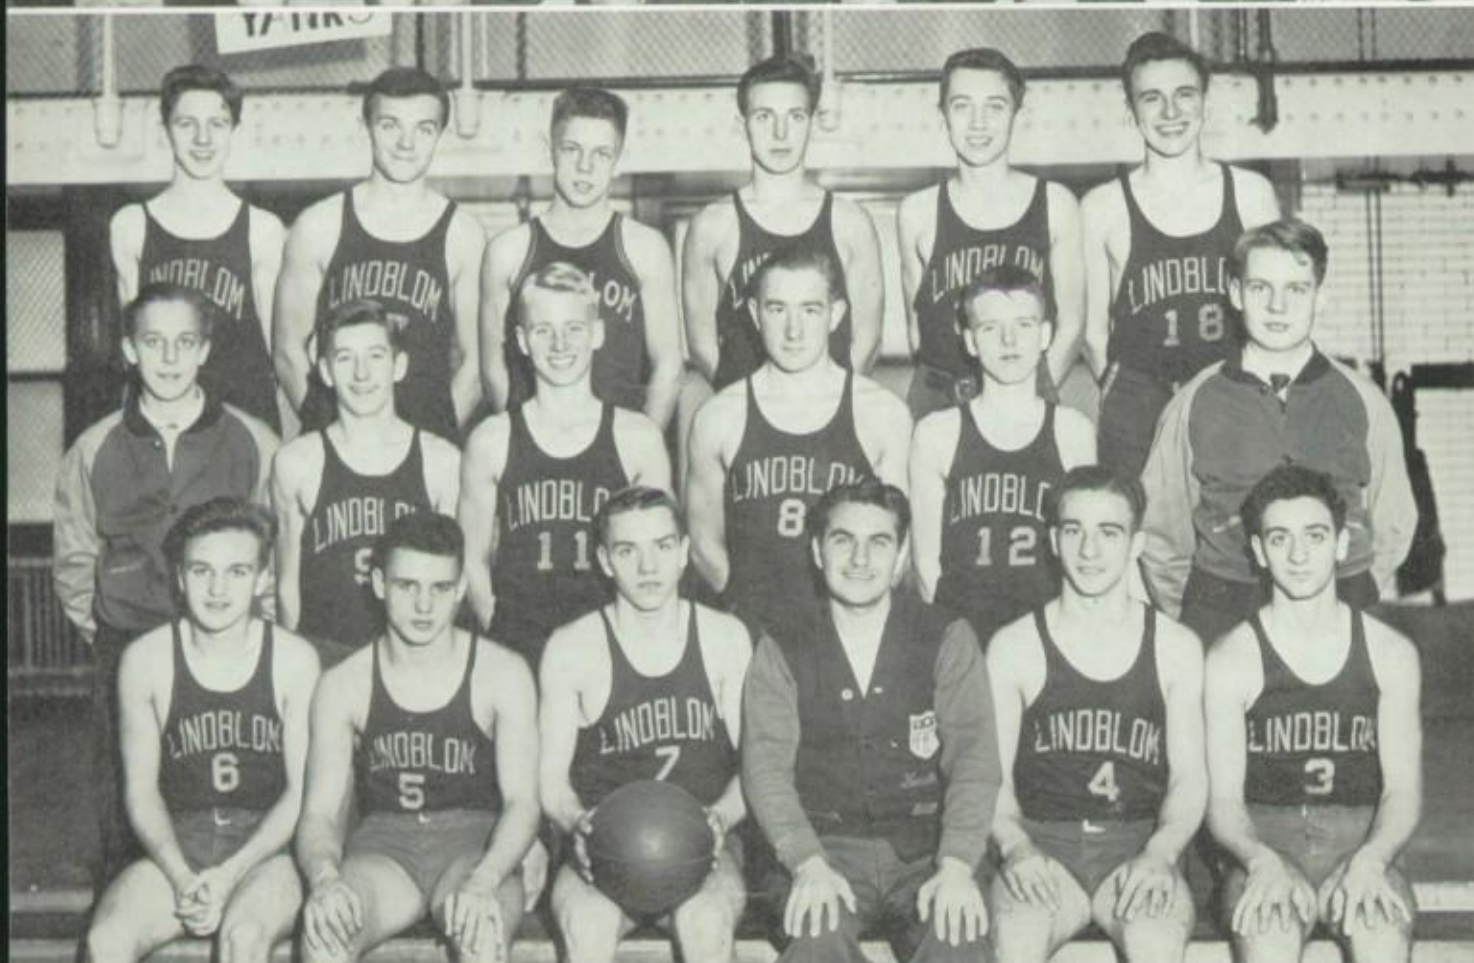

Lindblom's Lanky Lads

Both of our basketball teams at Lindblom earned places in the city playoffs. The juniors finished in third place, while the seniors wound up in fourth place. The seniors were paced by Baczkiewicz, Rundle, Skala, and Hancock, while the juniors relied on Copps, Pickford, Carney, Ambrosia, and Orsi. Ambrosia and Orsi were lost by graduation. Consequently the junior team had to fight valiantly for third place standing. South Shore repulsed the juniors in the league playoffs while Calumet finished off the senior quintet in a tight contest.

S-t-r-e-t-c-h!

Our courageous basketball team really deserves much credit, and not only they alone, but their never-tiring instructor, Coach Swyrn. Although the heavyweight squad lost to our rival Tilden but kept right on fighting, our lightweight squad beat Tilden's lightweight squad. To enliven the games, the February graduating class of 1946 gave an electric scoreboard to our school. The purpose of this was to make the score more noticeable. The heavyweight players' names are on the left of the board, and lightweight players on the right. A large clock in the middle and toward the top, gives the length of time left to play. The score of the game is illuminated by red lights which are entirely controlled by automatic controls. This is a great help to everyone, for it is in a prominent position. The superb teamwork of the players will illuminate that scoreboard with enthusiasm and victories, but not until loyal Lindblomites are there to spur our team on.

The boys of the track team are again hoping that this season will be the one in which the coveted trophies will be rewarded to Lindblom. Coach Moore has a job, however, for time does not permit the practice these boys need. The coach is relying on fellows like "Cap" Babendir to bring home the victories.

Here at Lindblom we have many teams which, although not as highly publicized as football or basketball, are striving just the same to win championships for our school. Included in this group are the golf team, sponsored by Coach Komm, the fencing team, by Coach Smidl, the tennis team, by Coach Swiryn, and the newly-organized skating team, sponsored by Mr. Von Bremer. The boys on all these teams are eager to show Lindblom what they can do.

To be eligible for membership in the "L" Club, a boy must obtain an athletic letter in one of our many sports. For this reason, the "L" Club consists of the finest athletes Lindblom possesses. Membership in this outstanding organization affords an opportunity for lettermen of the different sports to get together for the purpose of planning various social activities. The lettermen meet in the boys' clubroom every other week. Herb Wise presides over these interesting bi-weekly sessions, ably assisted by Mike Geracy, vice-president; Art Rhein, secretary; and Ed Beeby, treasurer.

Big Guns

The boys' athletic "L" is the highest single honor a boy can earn in the field of sports. Since it is the highest award for physical achievement, it is only fitting that there should be a special club with only members who can fulfill this one requirement. The boys hold regular "bull sessions" under Mr. Hollister's sponsorship.

Another sport in which we have some superb athletes is baseball. As would be expected, a rigorous program is necessary, as in any athletic activity, to stay in condition the year round. Due to the workouts under Coach Gentile, our baseball squad ended their season with fine results although handicapped by the loss of some of their best players.

Hubba! Hubba!

Though uninspired by the presence of moral support in the form of cheering students, the gymnastic team silently continues to persistently capture championship after championship. It can always be depended on to bring Lindblom honor whether a City or State championship or at a school assembly. Not many know about the number of hours that are spent patiently working out in the gym, learning new tricks, conditioning exercises, and reviewing old exercises. In addition to these calisthenics a required exercise must be learned and perfected as specified by a board of judges for the City gymnastic competition. More important than the required is the "optional" exercise as more points are scored in the city meet on these exercises. The "optional" is of the student's own creation, combining the various tricks learned during the workout periods.

This is one of the teams of which we hear very little. These matmen work dexterously for every victory they gain. Nearly all of us have seen them in the halls in their colored trunks. Coach Bohor, the instructor for these "fellas," is always ready to pass on some tips to the grapplers of the team about new holds and how to break them. These young men do not develop their power or technique overnight. It takes constant training, practice, and strenuous calisthenics to keep in condition. In order to give them practical knowledge and experience, they hold intra-mural wrestling meets to see if they can out-manuever their opponents.

The "senior sharks" of Lindblom's swim team have proven themselves very apt this season by being undefeated in every meet. The only real difference between the senior and junior swimmers is their age. The team has shown power in all respects from expert diving to speedy relays. Every one of the swimmers has put his all into the fight and the excellent results verify this. The boys have at least one period of swimming each day and are coached by Mr. Bohor.

Clap Your Hands, Stamp Your Feet

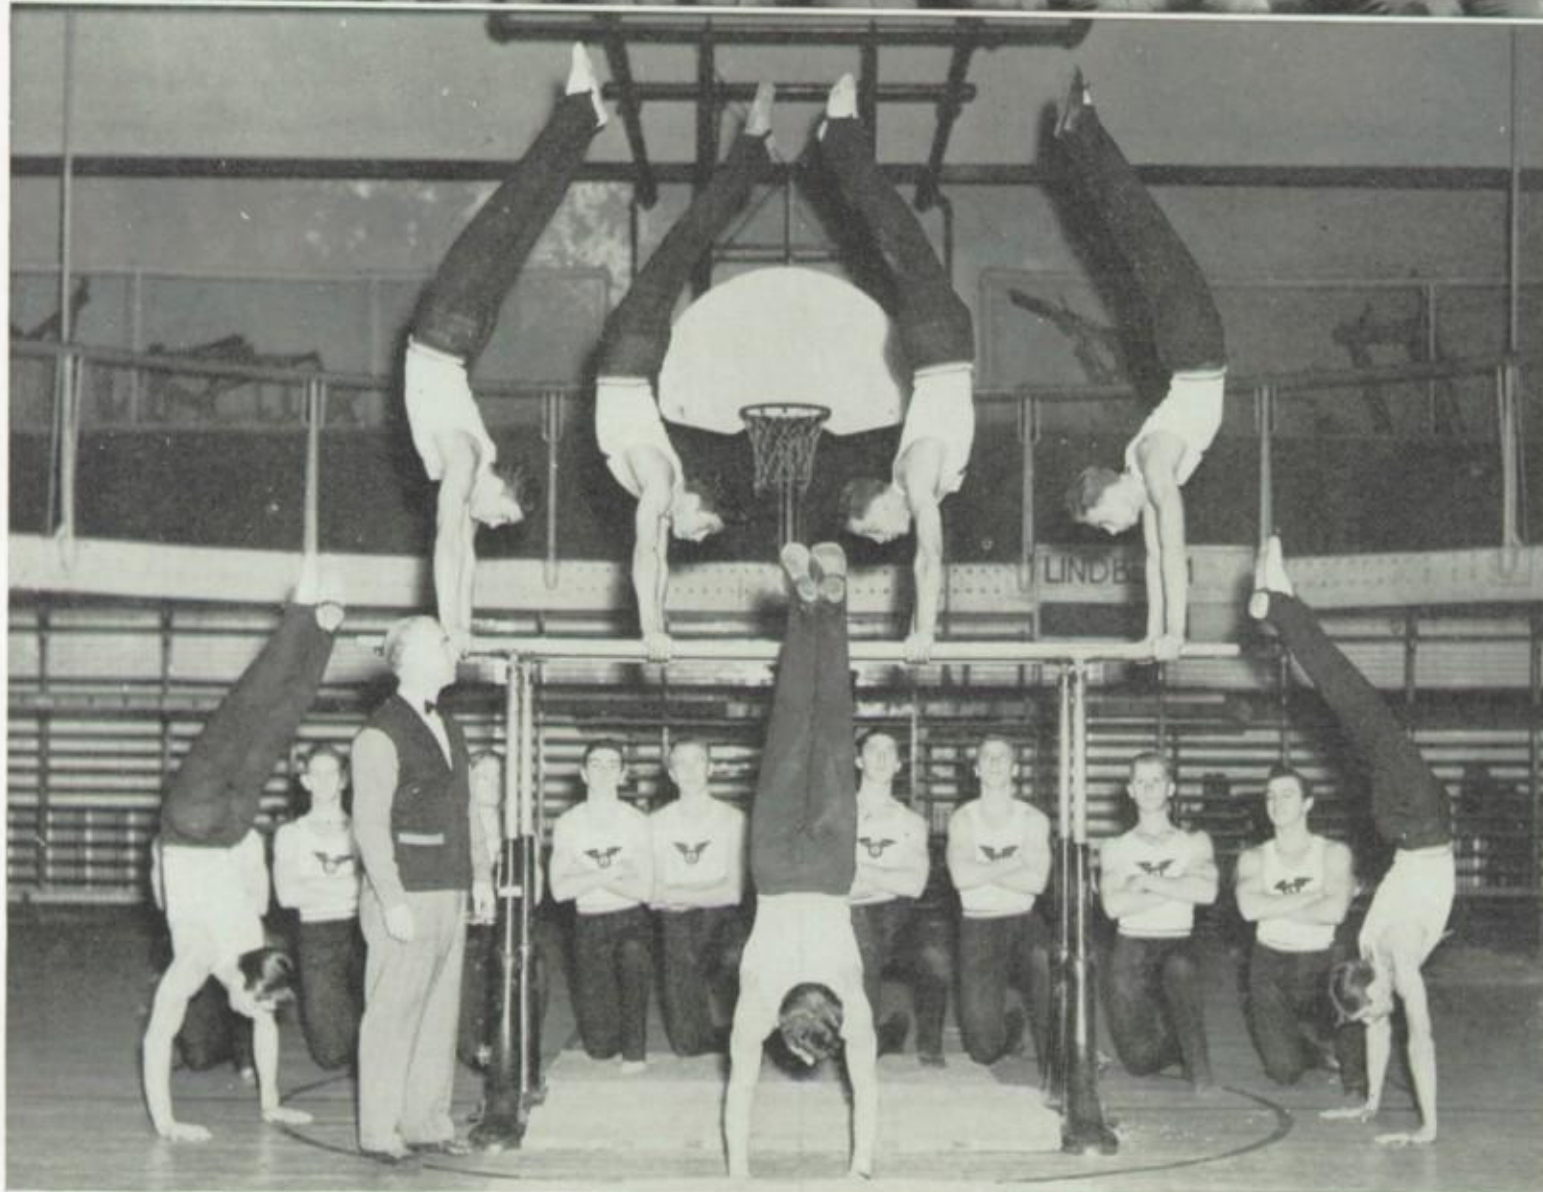

There are some fellow students of ours who are very agile and limber-legged. We have proof of this when they burst out with a lively cheer such as "Yea Lindblom!" or "Wow Some Boy." The group we're talking about is the cheerleaders' squad. They have an excellent sponsor and instructor, Coach Komm. We see their wild antics at all of our pep assemblies, basketball, and football games, while we join in the rousing, resounding cheers. All of us do not realize, however, how much time or effort they spend in order to get themselves in proper condition. Many nights after our classes are over, you can see them practicing their contortions with the new members of the squad.

The gymnastics team has been winning city and state championships during its entire existence here at Lindblom. One of the main reasons for the team's success during the past years is the excellent coaching and guidance provided by Mr. Smidl. Having to constantly urge the boys to perfect their exercises and "optionals" that have made our team the outstanding gymnastics team in the state, Coach Smidl has a job that keeps him busy the year around. The coach, however, never tires of this work for he has been coaching gymnastics for years and enjoys seeing the boys develop into men by competing in this muscle building sport. The team is again aiming for a city, and then for the state championship.

The Girls' Athletic Association is Lindblom's largest organization, having a membership of about ninety-five per cent of our girls. Miss Klein is the sponsor and is assisted by the G.A.A. Board and Cabinet, a group of twenty-four enthusiastic girls who have definite assigned positions. The girls plan a party each semester for all G.A.A. members, and the results of their ingenuity are a combination of riotous effects, using every imaginable device. The serious side of being a board member comes when the girls teach fencing classes, instruct swimmers, and conduct activities in which the G.A.A. members participate to earn their school letters.

“L’s” and Bars—Athletic Stars

The “L.D.” Club, also sponsored by Miss Klein, works in perfect coordination with the G.A.A. Board and Cabinet, and we are proud of the girls that wear their “L’s” on meeting days. To become a member, a girl must possess an “L”, or have earned 500 of the required 1,000 points to earn one, and then undergo the initiation. The club has many delightful teas and parties, but is not restricted to social affairs, for the earliest warm weather will find a group of “L.D.” girls going on a hike or playing baseball with great enthusiasm.

"Straighten Up and Fly Right!"

One of the basic teachings of Lindblom's gym department is to stand and walk straight. Each semester a group of girls is chosen as representing the best examples of good posture. They are selected during a series of tests in which all the girls participate. These tests are judged by our gymnasium teachers, and the winners are awarded bars. The girls are energetic and graceful, and can best be described as Abe Lincoln once was: "Standing tall, standing proud."

Some girls are not fully capable of much strenuous exercise, and for this reason are placed in a special gym class called the restricted class. The members of the restricted gym classes enjoy many games such as shuffleboard, horseshoes, and duckpins, and in this way secure the required exercise for general good health. The girls also earn points in activities toward a Restricted Activity Award, which is their equivalent of the girls athletic "L".

Neptune's Daughters

The girls in the life saving and dolphin classes, being the outstanding swimmers of the gym department, hold many competitions among themselves to obtain the coveted Dolphin, which is prized by the girls above even the Athletic "L".

We at Lindblom continually strive to attain the appearance and attitude of good health. Many of our students have acquired this moral and physical status and are engaged in extra-curricular gym activities such as the team games classes. The teams compete with each other and the members of the team winning the majority of games are awarded bars. Girls most outstanding are chosen for honor teams. Points are also given toward an "L".

Fencing is a very popular sport at Lindblom, and the two G.A.A. Board members who teach it are very efficient instructors. The classes meet in one of the back halls, and on looking in on one of them you will notice the efficiency of the teacher and the cooperation given by the class. Each semester, after the techniques of handling a foil are mastered, tournaments are held, with the two best fencers receiving bars. The blue-jackets do an especially fine job in promoting this sport, whose chief recommendations come from the girls themselves.

It's a Bird!

Row One—Benlehr, Abraham, McCarthy, Lizius, Hopkins, Prokes, Mizwicki, Lindgren, Ahlquist, Doenges, Burns, Rich, Conn, Brown, Carr, Strikol, Berberich. *Row Two*—Flynn, Mouloukos, McCartney, Petrak, Zinner, Novak, Roubik, Andrews, Moore, Lewis, Dubrick, Calozzo, Valdivia, Fischer.

Whether it is in a powerful smash or an easy drop shot, the game of badminton requires a great deal of skill. At Lindblom we have a beginning and an advanced class, both supervised by Miss Klein, who makes sure the girls do more than just “whack” the bird across the net. Participants in this increasingly popular sport really enjoy themselves and gain a keen sense of precision along with another twenty-five points toward their athletic “L”.

Girls' Gym—Hubbard

Hubbard, too, has a gym department in which the girls learn sportsmanship, enjoy team games and warming-up exercises, and earn G.A.A. points in both outside activities and gym events.

Lindblom's Finest

Brass Hats

The efficient administration of Lindblom's R.O.T.C. battalion is credited, in addition to Sergeant Natale, to an excellent staff. This group of cadets, who issue orders to company commanders and see that the orders are carried out, are the brains of the battalion. It consists of the more experienced cadets who possess great qualities of leadership. The respect and admiration other cadets have for the staff is proven by the superb work these lads have done for Lindblom's unit. Without this worthy organization the unit would be unable to operate as it does.

Row One—Cdt. Sgt. Otto, Cdt. 2nd Sgt. Prkut, Cdt. 1st Sgt. Lloyd, Cdt. 1st Sgt. Hinkelman, Cdt. Master Sgt. Kosary, Cdt. 1st Sgt. Paskin, Cdt. Staff Sgt. Coffey, Cdt. Sgt. Waver, Cdt. Sgt. “On the Double, There”

Very essential to Lindblom's crack battalion are the non-commissioned officers. These are the cadets holding the ranks of corporal and sergeant. Much of their time is spent in special instruction periods, where they receive information which they will later pass on to the cadets in their charge. To qualify for the rank they hold, they must have outstanding leadership, and must be neat and intelligent. The exceptionally fine record our battalion has made in the annual competition vouches for the fact that Lindblom's R.O.T.C. contains a group of very efficient noncoms.

Company "A" Leads the Way

Under the leadership of Cadet Captain Grygiel, the members of Company A are endeavoring to better themselves in the military field. A majority of the officers and non-commissioned officers were just appointed this semester, and many new cadets were enrolled. At present, it has a complement of forty-six members and is striving to augment this total. Although this company cannot be discriminated from the other companies, many of its officers and cadets are participating in the extra activities of the R.O.T.C.

Row One—Cpl. Verdun, Cpl. Harper, Cpl. Ketchum, Sgt. Sargent, 1st Sgt. Paskin, 2nd Lt. Revak, Capt. Henderson, Capt. Grygiel, 2nd Lt. Hasings, Sgt. Waver, Cpl. Van Beveven, Cpl. Lovelle, Cpl. Company B, led by Acting Captain Bruce Johnson, is an excellent example of the type of future citizens we will have to govern our country. The cadets are taught what co-operation and discipline will do for an organization. They also see results of their hard work when time and again their unit ranks as a top battalion in the city. Last year Lindblom ranged among the first ten champion units in the city inspection.

Company "C" the Unit's Acme

Row One—Cdt. Cpl. Gergel, Cdt. Cpl. Strotter, Cdt. Cpl. Wyatt, Cdt. Sgt. Tarabori, Cdt. 1st Sgt. Lloyd, Cdt. 2nd Lt. Lindgren, Cdt. 1st Lt. Ryan, Cdt. 2nd Lt. Hejna, Cdt. Sgt. Arkush, Cdt. Cpl. Every day the cadets of Company C can be found filing into the "R.O." room to endure for forty minutes the snarling commands of Captain Ryan. The Captain gets results, however, for his boys are always glad to volunteer for extra duty. In the recent show, "A Day in the R.O.," sponsored by Little Joe and his boys, many of Ryan's Raiders were to be found contributing their talents to further the merriment which made the performance one of the year's outstanding productions.

Not So L-o-o-u-u-u-d!!

Two years ago the "R.O." ventured forth to obtain its drum and bugle corps. Since that time they have acquired skill and a fine reputation.

Acme of Achievement

Seated: Thomsen; Skinner; Andrews; Palmer, Sponsor; Kieul.
Standing: Schauer; Congreve; Sherman.

The highest honor that Lindblom has to offer us is the award of the Golden Eagle. It is awarded for outstanding achievement in scholarship, service to the school, and participation in the many extra-curricular activities at Lindblom. The honor consists not of word of merit alone, but also of the presentation of a school letter. This letter is different from all others in that the corner of the "L" is adorned with a golden eagle, the symbol of Lindblom, which stands, wings outstretched, poised for flight. Mr. Palmer presents these awards and sponsors the Order of the Golden Eagle.

April 5—Hurrah! Another Friday! Next day is Saturday, and after that is Sunday!

April 8—This is the most uneventful day in our high-school career.

April 9—While cheers rock the rafters, line forms to the left to congratulate Rosie Betz who snagged Bill Lilliwitz as a Prom date.

April 29—Just think, one whole week that we don't have to write about. Clean-Up Week!

May 6—We bump into Ank Music, Dolores Papp, and Florence Fredrich in the Councillor's Office. One week of rest did this to us.

May 17—Pep's Diary due. Schneider suggests we start it and rolls over again.

May 20—Entranced by the spring-like gaiety of the leafy trees, Eugene Gold leaps out of a second-story window.

June 3—John Boncela digs deep into his pocket and, with flourish, produces his long-sought-after Weekly payment.

June 4—As usual, the entire female population turns out for the semi-annual Boys' Achievement Assembly. Purpose in mind—to see what real men look like after suffering through the present shortage.

June 5—Schneider and Deroin *both* decide to start Pep's Diary. Printer decides to leave for Kankakee.

June 6—With muscles protruding, the G.A.A. girls take their semi-annual bow at the G.A.A. Achievement Assembly.

June 10—Wally Schifflieben walks down the hall on his ears, indicating that today is the 10th of June.

June 11—Love and flowers bloom! It is in evidence in the hall. Just watch Ronnie Ketchum leap from the balcony to be near Dorothy Goger, Tony Schuch gnawing on Mary Semmler's ear, while Rip Bacziewicz balances basketballs on his knee bone trying to attract Jo Benlehr's eye.

June 12—Mistakes of our four years pop into our minds as we view the Achievement Assembly. Oh, why did we kill four men, blind two babies, and forget Mother on Mother's Day?

June 14—Today is Flag Day. Earl Detlefsen makes an important decision for "Old Glory." As soon as he can raise the money he will get a haircut!

June 17—Junie Hoblik, Rich Higgins, Orchie Hoblik, Flora Petrone, and Ray Thompson wander around singing, "We hate to leave, Hey Baba Le Bop," as Class Sing draws near.

June 18—Ruth Wrubel and Betty Lou Neilson burst into an aria from Tannhauser in gym during an exciting game of baseball.

June 19—Bill Leise hands in Civics outline to Miss Beck, due March 19.

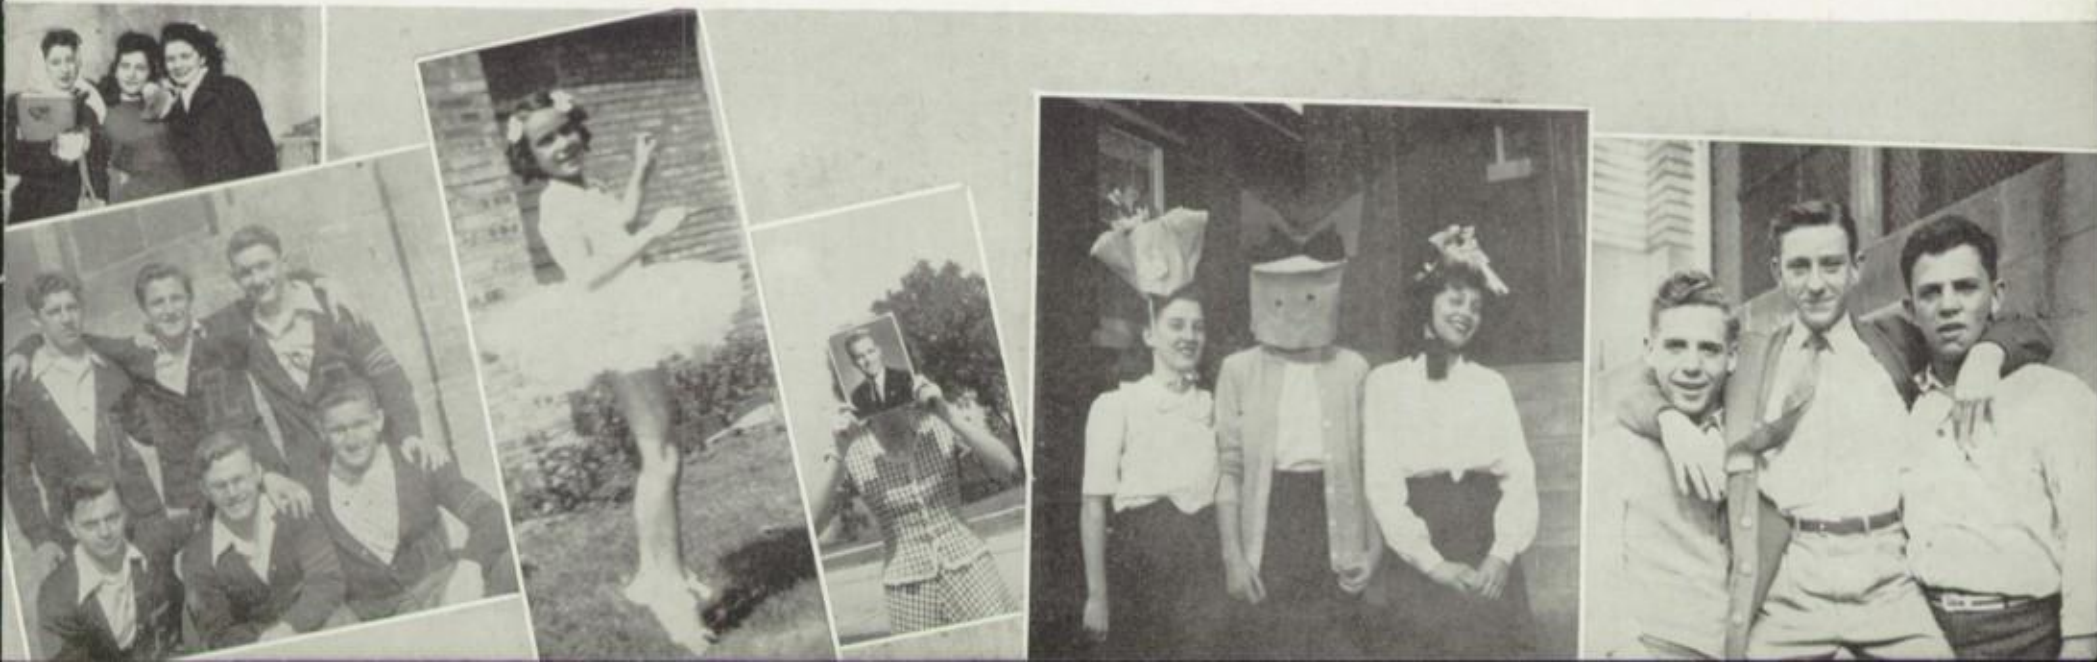

June 20—Rosemary Cabo pays installment on Eagle.

June 21—Crying on the outside, crying on the inside, crying all over. Wally Gilcrist flicks a gentle tear from his cheek as 390 regretful seniors rip into the last stanza of "Day by Day". It was a swell class sing!

June 24—Eagles are supposed to come out. Pens are in readiness.

June 26—"Clear against the sunset heaven, in the hope-filled West" . . . Will we ever forget these four years? The hard work, fair play, the camaraderie and easy friendship, and all the other things that have made our stay at Lindblom four wonderful and vivid years? All those sad and serious things that have ever been said about graduation seem insignificant now as we say, "so long" to all our pals. Wide-eyed and trying hard to blink back the tears. . . . "Gladly lift we now our voices, Thy dear name to sing, To the Shrine of truth and beauty, Loving tribute bring!"

June 27—Pep's Diary completed.

The baby sisters of the Debs, called the Sub Debs, formed their club solely for social purposes, and hold their meetings once a month. Refreshments are served at each one of these gatherings, and Mrs. Rule, their sponsor, supervises all teas and parties, seeing to it that every member has a good time. One of the outstanding events of the semester is the initiation, when the girls go to classes dressed ridiculously, and carrying the traditional baby dolls. Of course the initiation is all taken in good fun, for it is these girls, and others like them, that helped to establish this Lindblom tradition.

To be associated with the Mail Service or Pink Jacket Girls, as we of Lindblom call them, is considered quite an honor, for through these young ladies the offices are kept running smoothly and efficiently, and the teachers are relieved of much tediously routined bookkeeping. Just think what Lindblom would be like without these intelligent and clever girls, who answer telephones, run errands, do filing and so many other things that are too numerous to mention. They are rewarded during the semester with delightful teas given by their sponsor, Mrs. Atkinson.

The Mail Service was founded twenty-three years ago with the first members receiving credit for gym. Since then the duties have widened and the club consists of only the most capable and trustworthy girls of Lindblom. After three semesters of membership in this erudite organization, the girls are eligible to wear their coveted Pink Jackets. Without the aid of these efficient girls the offices of Lindblom would not be able to function properly.

Besmearred Esthetics

Essentially, art is divided into two main fields, commercial and fine art. Our newly formed commercial art class stresses acquainting the students with the world of commercial art and helps the pupils to decide upon their future careers. This class is exposed to all types of advertising and selling art. The figure drawing class, representing fine art, enables the students to exercise their artistic talents to further advantage, because if one can draw the human figure to perfection one can draw anything. Guided by Mr. Schmitt, both the commercial art and the figure drawing classes, taken as major subjects, help to prepare the student for future life and enjoyment.

A career as a fashion designer is the acme of accomplishment to some fifty of our Lindblom girls. To help them to achieve their goal, the Costume Design class directed by Mrs. Knehans gives them practice in designing smart, original creations. To give them a background in this field, period fashions dating back to the Egyptians are studied. The designs are executed in full color and some of the best formed an exhibit which held a prominent place in the hall during the fall term. So interested in their subject are these girls that a Costume Design club was formed which was called the Charm Dots. Monthly meetings were held which were not only of a social character, but also tended to give the girls further instruction.

Mad Masters

It is the responsibility of the Lambda Pi Kappa, which is better known as the Poster Club, to meet the artistic demands of the school, making the numerous posters for sports, assemblies, clubs, and productions.

Comptometry Lovers

The following results speak for themselves regarding speed and accuracy of Comptometry for these girls with adaptability for this work. They had hardly begun the course when they did a 25-minute problem in 22 to 26 seconds. Shirley Almaraz did it in 22 seconds; Lucille Capek, in 23; Alice Florek and Stella Matuzas, in 25; and Annamae Music and Mildred Valasek in 26 seconds. Thanks to Ruth Wrubel, who had everything to do with influencing them to do so well. Thanks to her again for inspiring Ethel Jesse and Jean Tetrev, enabling them to hand out the bills and to check the answers with such ease and promptness. Miss Appleby was surprised to find how much the girls had learned in so short a time.

The girls of Lindblom's typing teams are selected by the process of elimination from among the winners of the various typing classes. These expert typists have acquired dexterity and accuracy, as well as rapidity. Since they are the pride of our commercial department, they are excellent models for beginning typists.

The aim of Los Chamacos and Los Corderitos is to become better acquainted with the background and lives of the people of Spanish speaking countries. The students acquire a knowledge of the ways and customs of the Spaniards by giving Spanish plays on radio shows. They also have quizzes and play Spanish games. Miss Moore, head of our language department, has charge of both of these clubs. The members of Los Corderitos or "The Little Lambs" are just the opposite of the shy, docile personalities their name implies. To those of you unfamiliar with Spanish, Los Chamacos is slang for "The Kids." Since widespread use of the airplane is foreseen, knowledge of the Spanish language and Latin-American customs will be more important than ever before. Some of our students will be able to see the romantic lands about which they have studied.

We Look South of the Border

Along with the students interested in music, science, and art, we find here at Lindblom, those with an ever-increasing interest in foreign languages. Among the three languages offered at Lindblom, we find those who will declare that Spanish is by far the most interesting. They prove their point well when they start discussing the customs and ideas of the Spanish and South American peoples. In order to create an atmosphere of friendship and give students a chance to speak Spanish, clubs have been formed. Los Imposibles and Los Trasnosedores, lead by Miss Ryan and Miss Moore respectively, are training their members to respect Spanish ways and customs.

Much understanding of Latin America may be acquired through our Spanish clubs here at Lindblom. We of the Los Inocentes and Los Tontos are seizing every opportunity of furthering our knowledge of Spanish history, culture, and customs. Besides enjoying the Spanish entertainment at our meetings, we are strengthening our relations with the Spanish speaking nations of the world.

Comites Caesaris is the name given to Miss O'Connell's Latin Club. Translated, Comites Caesaris means Companions of Caesar, a title which the students earn by studying about Caesar in books concerning Roman history. Frequently, Roman habits, beliefs, religions, and customs are discussed in the club. Entertainment is provided when Latin games are played. A scene from the play "Le Voyage de M. Perrichon" was dramatized by Le Cercle Francais, after having been read in class. Le Cercle Francais, the French Club sponsored and directed by Miss Sullivan, not only reads French books and plays, but also comes eye to eye with the country itself via the movie projection machine during club sessions.

Our Spanish clubs here at Lindblom have become prominent in the last few years. The common goal of all the clubs is to promote interest in Spanish speaking countries. Los Viajeros Habladores, or the Talkative Travelers, and Los Diablitos, under the sponsorship of Miss Butts, have an instructive and social program that will benefit them greatly in their speaking of the Spanish language. With world-wide peace and security the main topic of discussion today, it is altogether fitting that our Lindblomites learn to speak about, and become acquainted with the customs and ideas of our Southern neighbors.

Student Guild

The Student Guild, under the direction of Mr. Palmer, gives a new opportunity to the students of Lindblom in that it brings together pupils excelling in both scholarship and extra-curricular activities. This organization, meeting each Thursday during the ninth period, offers the best of lectures and music to its members. Topics of interest are discussed among pupils. Mr. Palmer chats on subjects of varied nature, from ancient history to things more recent. Good music is listened to periodically and occasionally a guest speaker is heard. At one meeting Mr. Small gave a fascinating speech on the atom bomb. The Student Guild also meets outside of school. This year the organization attended the opera, "La Traviata."

The Dizzy Baton

As their contribution to our Open House last fall, the boys' chorus presented a short skit entitled, "The Dizzy Baton." Its setting was a music school under the direction of the very eccentric Professor Sforzando, alias Jerry Looby, with Marcus Bartoli portraying Monsieur Glissando, his accompanist. The feminine parts were also played by the fellows. The antics of Al Woll, as Evelina, and the performances of the graceful damsels in the chorus, were quite a sight to see! The entire production was directed by Mrs. Rosenthal and came up to all expectations as a hilarious success.

Athletics

Athletic Pinups

Keeping our eyes on the goal of a well-rounded education, we at Lindblom join in sports avidly. We crowd all the events, from the Tilden football game, to a rip-roaring ping pong match in the Girl's Gym.

Well-Padded Goliaths

One of the more rugged sports in which we at Lindblom are interested is football. Our squad has two divisions. One is the varsity, the other the sophomore team. The latter team is similar to a conditioning team. If the boys out for football are not quite equal to demands of the varsity they are assigned to Mr. Von Bremer who has charge of the "soph" team. The varsity squad trained by Coach Moore is the cream of the crop. Not only are they picked for their excellence in tackling, passing, punting, blocking, and running, but also for their team spirit.

The Pay-Dirt Boys

The Eagles, by snapping out of their first game fog, trounced the Kelly Trojans by an 18-0 score. The Maroon and Gold eleven were unable to penetrate the Kelly defense during the first quarter and the spectators found the game at a 0-0 deadlock at the finish of the first half. The third quarter appeared different however, as Babendir and Rizzo tallied to make the struggle 12-0. Babendir once again scored on a forty-yard punt return in the fourth quarter to terminate the scoring for the evening.

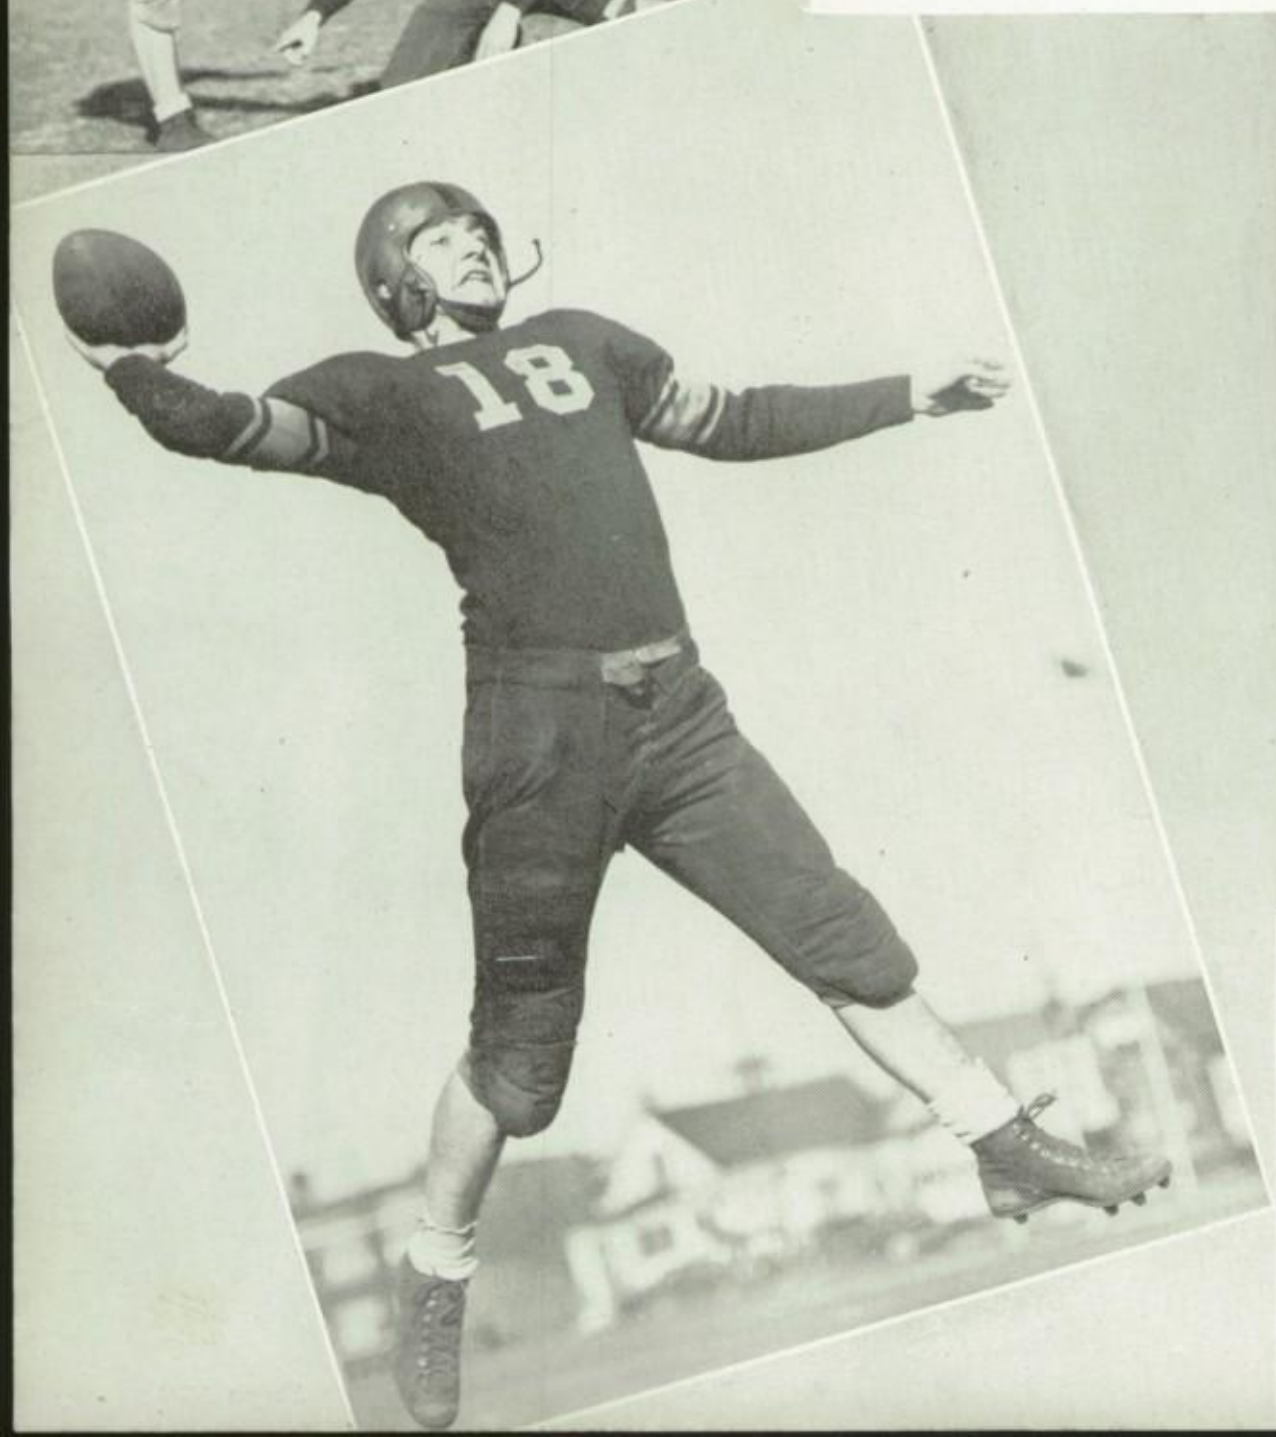

Sliding and slipping along, Lindblom whipped DuSable 12-0, in the muddiest victory of the season. Because of the mud, Bieber and Rizzo were the only Eagle players to cross the goal line during the game.

The Eagles gained a third straight victory as they tripped an improved Englewood eleven 6-0, on a single touchdown pass by Lackner.

Harder, Harder!

When September rolled around last year the question that Lindblomites were asking was: "What kind of a team will we have this year?" Their question was promptly answered. One of the strongest and gamest teams of high school gridirons was observed. The squad was composed of players who had been second and third string players the preceding season and some former Sophomores. The only first string men to return were Harry Smale, playing center, and Ray Rizzo; yet our team was the best in the Central section. Our first game was a practice one with Fenger. The team was determined to give a better showing than the year before. Rizzo scored a 70-yard dash in the early minutes, that electrified the spectators. Fenger then tied the game before the half, 6-6. The game became a heartbreaker when Fenger scored, and the contest ended 13-6 with Fenger, the victor.

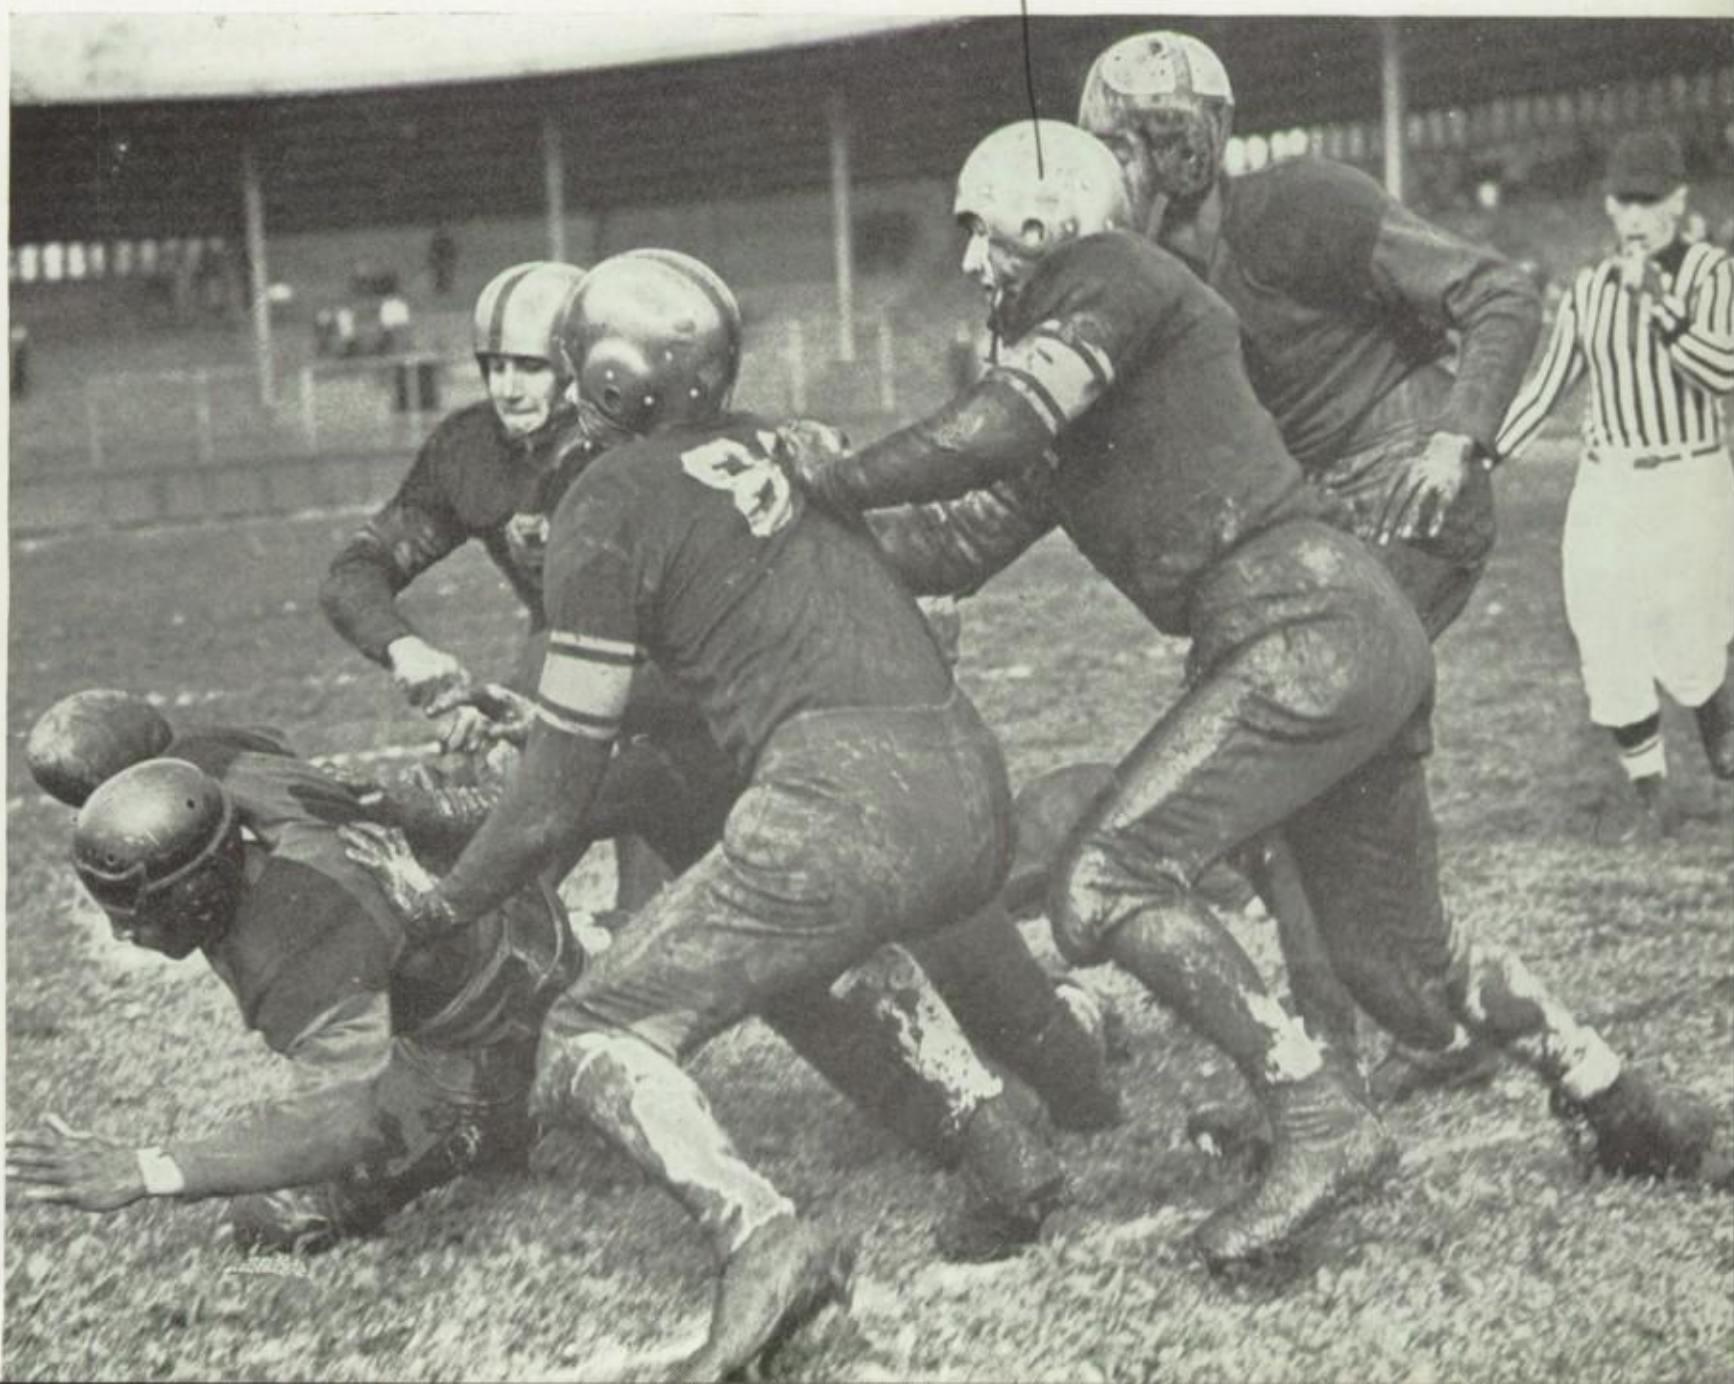

We Love Our Mudders!

The Eagles took their fourth straight game by eliminating Farragut High School, 26-6. Lindblom did not score until the second quarter when "Long John" Genge seized a fumbled ball and crossed the goal line. Bob Lackner converted and the score was 7-6. Ray Rizzo followed with another tally and Lindblom was leading, 13-6, at the half. At the conclusion of the third quarter the score was still 13-6, but Bieber and Rizzo scored in the fourth quarter, assuring a victory.

Tilden, paced by Bill Gay, defeated Lindblom in a real "heart-breaker," 20-13.

Lindblom finished a successful season by crushing Dunbar, 45-0. Rizzo scored by taking advantage of a very poor kick. Red Steele scored and Lackner converted to make the score 13-0 at the first quarter ending. Bob Lackner scored out and then converted to increase our lead seven more points. Bieber also crossed the goal to make the score 26-0 at the finish of the half. The maroon and gold eleven tallied nineteen more points in the second half.

Lindblom's Lanky Lads

Both of our basketball teams at Lindblom earned places in the city playoffs. The juniors finished in third place, while the seniors wound up in fourth place. The seniors were paced by Bacziewicz, Rundle, Skala, and Hancock, while the juniors relied on Copps, Pickford, Carney, Ambrosia, and Orsi. Ambrosia and Orsi were lost by graduation. Consequently the junior team had to fight valiantly for third place standing. South Shore repulsed the juniors in the league playoffs while Calumet finished off the senior quintet in a tight contest.

S-t-r-e-t-c-h!

Our courageous basketball team really deserves much credit, and not only they alone, but their never-tiring instructor, Coach Swyrn. Although the heavyweight squad lost to our rival Tilden but kept right on fighting, our lightweight squad beat Tilden's lightweight squad. To enliven the games, the February graduating class of 1946 gave an electric scoreboard to our school. The purpose of this was to make the score more noticeable. The heavyweight players' names are on the left of the board, and lightweight players on the right. A large clock in the middle and toward the top, gives the length of time left to play. The score of the game is illuminated by red lights which are entirely controlled by automatic controls. This is a great help to everyone, for it is in a prominent position. The superb teamwork of the players will illuminate that scoreboard with enthusiasm and victories, but not until loyal Lindblomites are there to spur our team on.

The boys of the track team are again hoping that this season will be the one in which the coveted trophies will be rewarded to Lindblom. Coach Moore has a job, however, for time does not permit the practice these boys need. The coach is relying on fellows like "Cap" Babendir to bring home the victories.

Here at Lindblom we have many teams which, although not as highly publicized as football or basketball, are striving just the same to win championships for our school. Included in this group are the golf team, sponsored by Coach Komm, the fencing team, by Coach Smidl, the tennis team, by Coach Swiryn, and the newly-organized skating team, sponsored by Mr. Von Bremer. The boys on all these teams are eager to show Lindblom what they can do.

To be eligible for membership in the "L" Club, a boy must obtain an athletic letter in one of our many sports. For this reason, the "L" Club consists of the finest athletes Lindblom possesses. Membership in this outstanding organization affords an opportunity for lettermen of the different sports to get together for the purpose of planning various social activities. The lettermen meet in the boys' clubroom every other week. Herb Wise presides over these interesting bi-weekly sessions, ably assisted by Mike Geracy, vice-president; Art Rhein, secretary; and Ed Beeby, treasurer.

Big Guns

The boys' athletic "L" is the highest single honor a boy can earn in the field of sports. Since it is the highest award for physical achievement, it is only fitting that there should be a special club with only members who can fulfill this one requirement. The boys hold regular "bull sessions" under Mr. Hollister's sponsorship.

Another sport in which we have some superb athletes is baseball. As would be expected, a rigorous program is necessary, as in any athletic activity, to stay in condition the year round. Due to the workouts under Coach Gentile, our baseball squad ended their season with fine results although handicapped by the loss of some of their best players.

Hubba! Hubba!

Though uninspired by the presence of moral support in the form of cheering students, the gymnastic team silently continues to persistently capture championship after championship. It can always be depended on to bring Lindblom honor whether a City or State championship or at a school assembly. Not many know about the number of hours that are spent patiently working out in the gym, learning new tricks, conditioning exercises, and reviewing old exercises. In addition to these calisthenics a required exercise must be learned and perfected as specified by a board of judges for the City gymnastic competition. More important than the required is the "optional" exercise as more points are scored in the city meet on these exercises. The "optional" is of the student's own creation, combining the various tricks learned during the workout periods.

Stop Twisting My Arm!

Row One—Rhein, Wire, Capt.; Bohor, Coach. Row Two—Gardeski, Spagnolo, Sundahl, Headtke, Dreyer, Turcich, Ferrelli, Fischer, Jandacek, Kleidon. Row Three—Small, Mayer, Markel, McLaughlin, Sullivan, Czaja, Rhein, Parello, Mansolas.

This is one of the teams of which we hear very little. These matmen work dexterously for every victory they gain. Nearly all of us have seen them in the halls in their colored trunks. Coach Bohor, the instructor for these "fellas," is always ready to pass on some tips to the grapplers of the team about new holds and how to break them. These young men do not develop their power or technique overnight. It takes constant training, practice, and strenuous calisthenics to keep in condition. In order to give them practical knowledge and experience, they hold intra-mural wrestling meets to see if they can outmaneuver their opponents.

Senior Sharks

Row Two—Bohor, Coach; DeBoer, Captain; Nilles, Zajicek, Parmelee, George, Lewis, Cricks,
Parello. Row Three—Rizzo, Lillwitz, Beeby, Cook, Naughton, Congreve, Michaels, Burt, Junge.

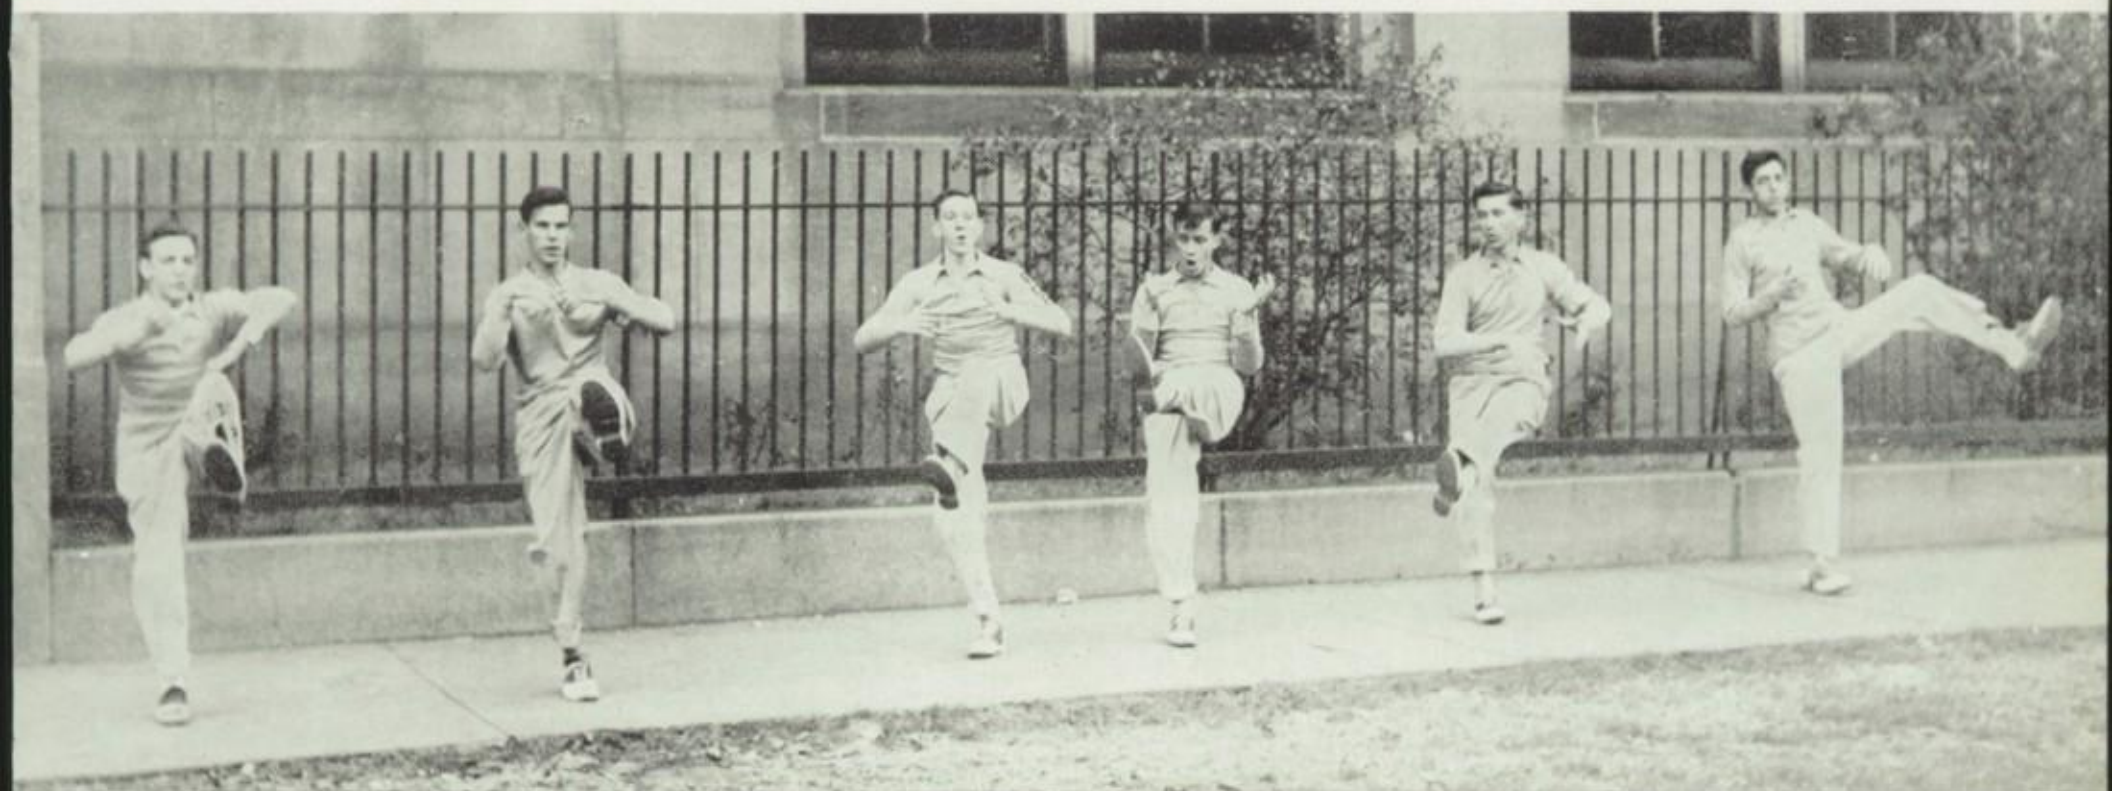

The "senior sharks" of Lindblom's swim team have proven themselves very apt this season by being undefeated in every meet. The only real difference between the senior and junior swimmers is their age. The team has shown power in all respects from expert diving to speedy relays. Every one of the swimmers has put his all into the fight and the excellent results verify this. The boys have at least one period of swimming each day and are coached by Mr. Bohor.

Row One—Dryer, Carbonneau, Tilges. Row Two—Cermak, Bergsma, Komm, Coach; Rajsl.

Clap Your Hands, Stamp Your Feet

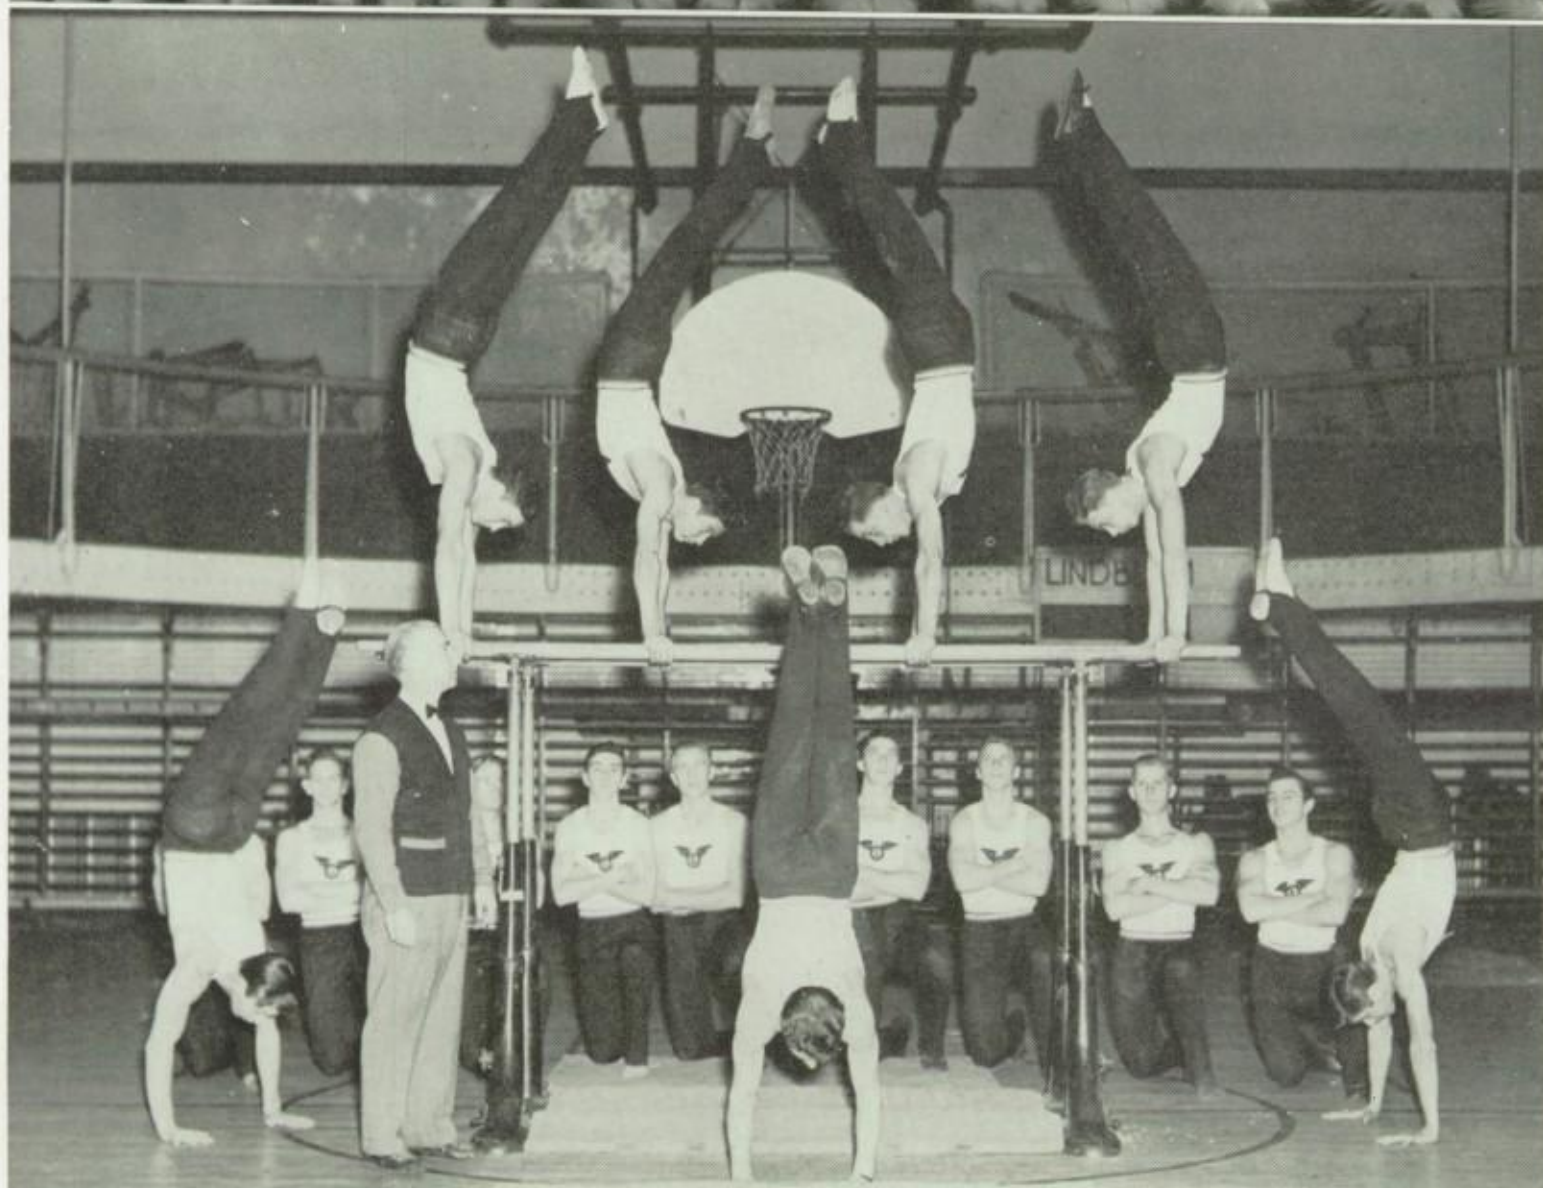

There are some fellow students of ours who are very agile and limber-legged. We have proof of this when they burst out with a lively cheer such as "Yea Lindblom!" or "Wow Some Boy." The group we're talking about is the cheerleaders' squad. They have an excellent sponsor and instructor, Coach Komm. We see their wild antics at all of our pep assemblies, basketball, and football games, while we join in the rousing, resounding cheers. All of us do not realize, however, how much time or effort they spend in order to get themselves in proper condition. Many nights after our classes are over, you can see them practicing their contortions with the new members of the squad.

The gymnastics team has been winning city and state championships during its entire existence here at Lindblom. One of the main reasons for the team's success during the past years is the excellent coaching and guidance provided by Mr. Smidl. Having to constantly urge the boys to perfect their exercises and "optionals" that have made our team the outstanding gymnastics team in the state, Coach Smidl has a job that keeps him busy the year around. The coach, however, never tires of this work for he has been coaching gymnastics for years and enjoys seeing the boys develop into men by competing in this muscle building sport. The team is again aiming for a city, and then for the state championship.

The Girls' Athletic Association is Lindblom's largest organization, having a membership of about ninety-five per cent of our girls. Miss Klein is the sponsor and is assisted by the G.A.A. Board and Cabinet, a group of twenty-four enthusiastic girls who have definite assigned positions. The girls plan a party each semester for all G.A.A. members, and the results of their ingenuity are a combination of riotous effects, using every imaginable device. The serious side of being a board member comes when the girls teach fencing classes, instruct swimmers, and conduct activities in which the G.A.A. members participate to earn their school letters.

“L’s” and Bars—Athletic Stars

The “L.D.” Club, also sponsored by Miss Klein, works in perfect coordination with the G.A.A. Board and Cabinet, and we are proud of the girls that wear their “L’s” on meeting days. To become a member, a girl must possess an “L”, or have earned 500 of the required 1,000 points to earn one, and then undergo the initiation. The club has many delightful teas and parties, but is not restricted to social affairs, for the earliest warm weather will find a group of “L.D.” girls going on a hike or playing baseball with great enthusiasm.

"Straighten Up and Fly Right!"

One of the basic teachings of Lindblom's gym department is to stand and walk straight. Each semester a group of girls is chosen as representing the best examples of good posture. They are selected during a series of tests in which all the girls participate. These tests are judged by our gymnasium teachers, and the winners are awarded bars. The girls are energetic and graceful, and can best be described as Abe Lincoln once was: "Standing tall, standing proud."

Some girls are not fully capable of much strenuous exercise, and for this reason are placed in a special gym class called the restricted class. The members of the restricted gym classes enjoy many games such as shuffleboard, horseshoes, and duckpins, and in this way secure the required exercise for general good health. The girls also earn points in activities toward a Restricted Activity Award, which is their equivalent of the girls athletic "L".

Neptune's Daughters

The girls in the life saving and dolphin classes, being the outstanding swimmers of the gym department, hold many competitions among themselves to obtain the coveted Dolphin, which is prized by the girls above even the Athletic "L".

We at Lindblom continually strive to attain the appearance and attitude of good health. Many of our students have acquired this moral and physical status and are engaged in extra-curricular gym activities such as the team games classes. The teams compete with each other and the members of the team winning the majority of games are awarded bars. Girls most outstanding are chosen for honor teams. Points are also given toward an "L".

Female Foilers

Row One—Hefel, Phelan, Snyder. Row Two—Ahlquist, Carr, LeSeur, Valdivia, Representative; Brown, Axelrod, Roubik. Row Three—Scheunemann, Lewis, Evanow, Wheeler, Mouloukos, Lizius, Gamperl, Rolek, Warrian, Kochalka. Row Four—Bures, Butcher, Ores, Moore, Cole, Hjelm, Tobin, Franks.

Fencing is a very popular sport at Lindblom, and the two G.A.A. Board members who teach it are very efficient instructors. The classes meet in one of the back halls, and on looking in on one of them you will notice the efficiency of the teacher and the cooperation given by the class. Each semester, after the techniques of handling a foil are mastered, tournaments are held, with the two best fencers receiving bars. The blue-jackets do an especially fine job in promoting this sport, whose chief recommendations come from the girls themselves.

It's a Bird!

Row One—Benlehr, Abraham, McCarthy, Lizius, Hopkins, Prokes, Mizwicki, Lindgren, Ahlquist, Doenges, Burns, Rich, Conn, Brown, Carr, Strikol, Berberich. *Row Two*—Flynn, Mouloukos, McCartney, Petrak, Zinner, Novak, Roubik, Andrews, Moore, Lewis, Dubrick, Calozzo, Valdivia, Fischer.

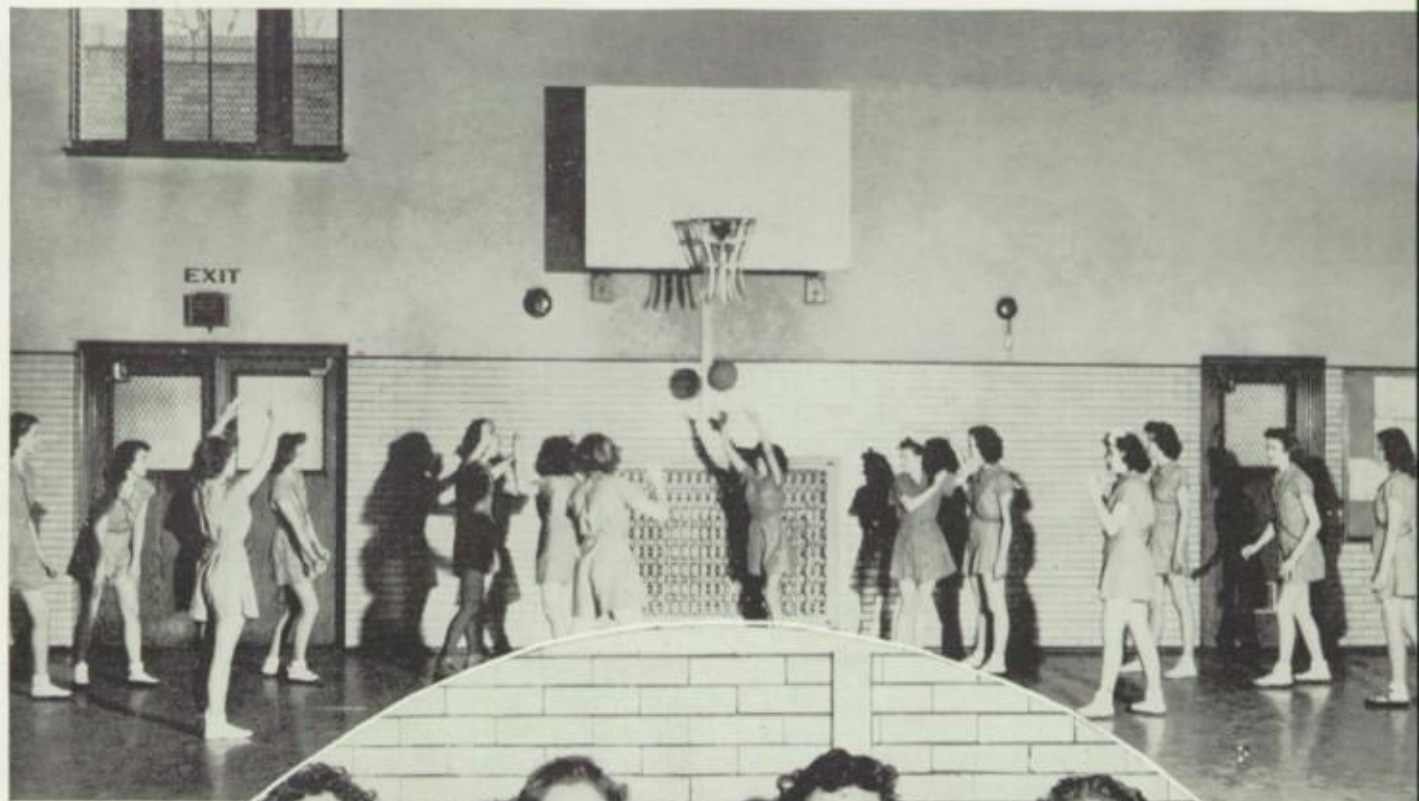

Whether it is in a powerful smash or an easy drop shot, the game of badminton requires a great deal of skill. At Lindblom we have a beginning and an advanced class, both supervised by Miss Klein, who makes sure the girls do more than just “whack” the bird across the net. Participants in this increasingly popular sport really enjoy themselves and gain a keen sense of precision along with another twenty-five points toward their athletic “L”.

Girls' Gym—Hubbard

Hubbard, too, has a gym department in which the girls learn sportsmanship, enjoy team games and warming-up exercises, and earn G.A.A. points in both outside activities and gym events.

Lindblom's Finest

Brass Hats

The efficient administration of Lindblom's R.O.T.C. battalion is credited, in addition to Sergeant Natale, to an excellent staff. This group of cadets, who issue orders to company commanders and see that the orders are carried out, are the brains of the battalion. It consists of the more experienced cadets who possess great qualities of leadership. The respect and admiration other cadets have for the staff is proven by the superb work these lads have done for Lindblom's unit. Without this worthy organization the unit would be unable to operate as it does.

“On the Double, There”

Very essential to Lindblom's crack battalion are the non-commissioned officers. These are the cadets holding the ranks of corporal and sergeant. Much of their time is spent in special instruction periods, where they receive information which they will later pass on to the cadets in their charge. To qualify for the rank they hold, they must have outstanding leadership, and must be neat and intelligent. The exceptionally fine record our battalion has made in the annual competition vouches for the fact that Lindblom's R.O.T.C. contains a group of very efficient noncoms.

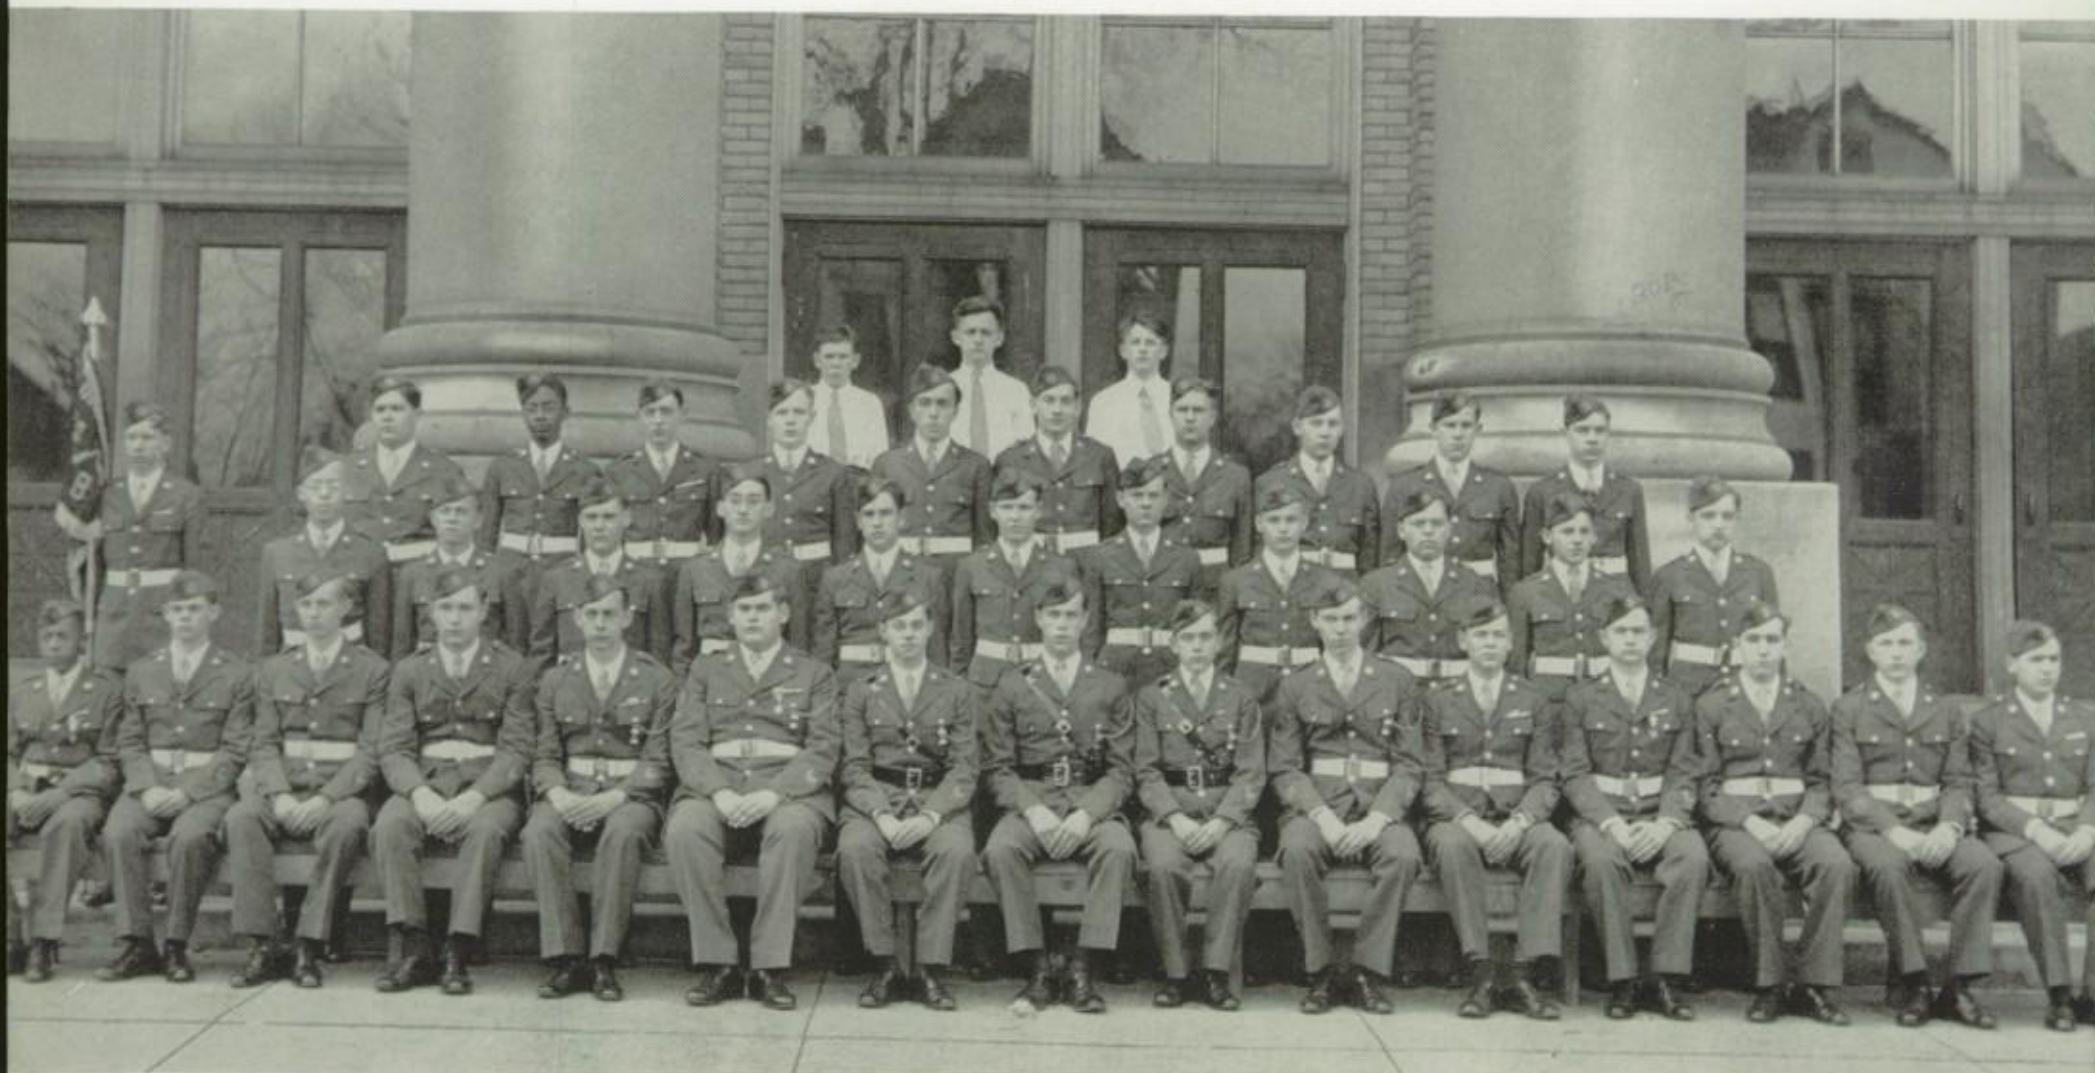

Company "A" Leads the Way

Under the leadership of Cadet Captain Grygiel, the members of Company A are endeavoring to better themselves in the military field. A majority of the officers and non-commissioned officers were just appointed this semester, and many new cadets were enrolled. At present, it has a complement of forty-six members and is striving to augment this total. Although this company cannot be discriminated from the other companies, many of its officers and cadets are participating in the extra activities of the R.O.T.C.

Company B, led by Acting Captain Bruce Johnson, is an excellent example of the type of future citizens we will have to govern our country. The cadets are taught what co-operation and discipline will do for an organization. They also see results of their hard work when time and again their unit ranks as a top battalion in the city. Last year Lindblom ranged among the first ten champion units in the city inspection.

Every day the cadets of Company C can be found filing into the "R.O." room to endure for forty minutes the snarling commands of Captain Ryan. The Captain gets results, however, for his boys are always glad to volunteer for extra duty. In the recent show, "A Day in the R.O.," sponsored by Little Joe and his boys, many of Ryan's Raiders were to be found contributing their talents to further the merriment which made the performance one of the year's outstanding productions.

Not So L-o-o-u-u-u-d!!

Two years ago the "R.O." ventured forth to obtain its drum and bugle corps. Since that time they have acquired skill and a fine reputation.

Acme of Achievement

Seated: Thomsen; Skinner; Andrews; Palmer, Sponsor; Kicul.
Standing: Schauer; Congreve; Sherman.

The highest honor that Lindblom has to offer us is the award of the Golden Eagle. It is awarded for outstanding achievement in scholarship, service to the school, and participation in the many extracurricular activities at Lindblom. The honor consists not of word of merit alone, but also of the presentation of a school letter. This letter is different from all others in that the corner of the "L" is adorned with a golden eagle, the symbol of Lindblom, which stands, wings outstretched, poised for flight. Mr. Palmer presents these awards and sponsors the Order of the Golden Eagle.

June 11—Love and flowers bloom! It is in evidence in the hall. Just watch Ronnie Ketchum leap from the balcony to be near Dorothy Goger, Tony Schuch gnawing on Mary Semmler's ear, while Rip Bacziewicz balances basketballs on his knee bone trying to attract Jo Benlehr's eye.

June 12—Mistakes of our four years pop into our minds as we view the Achievement Assembly. Oh, why did we kill four men, blind two babies, and forget Mother on Mother's Day?

June 14—Today is Flag Day. Earl Detlefsen makes an important decision for "Old Glory." As soon as he can raise the money he will get a haircut!

June 17—Junie Hoblik, Rich Higgins, Orchie Hoblik, Flora Petrone, and Ray Thompson wander around singing, "We hate to leave, Hey Baba Le Bop," as Class Sing draws near.

June 18—Ruth Wrubel and Betty Lou Neilson burst into an aria from Tannhauser in gym during an exciting game of baseball.

June 19—Bill Leise hands in Civics outline to Miss Beck, due March 19.

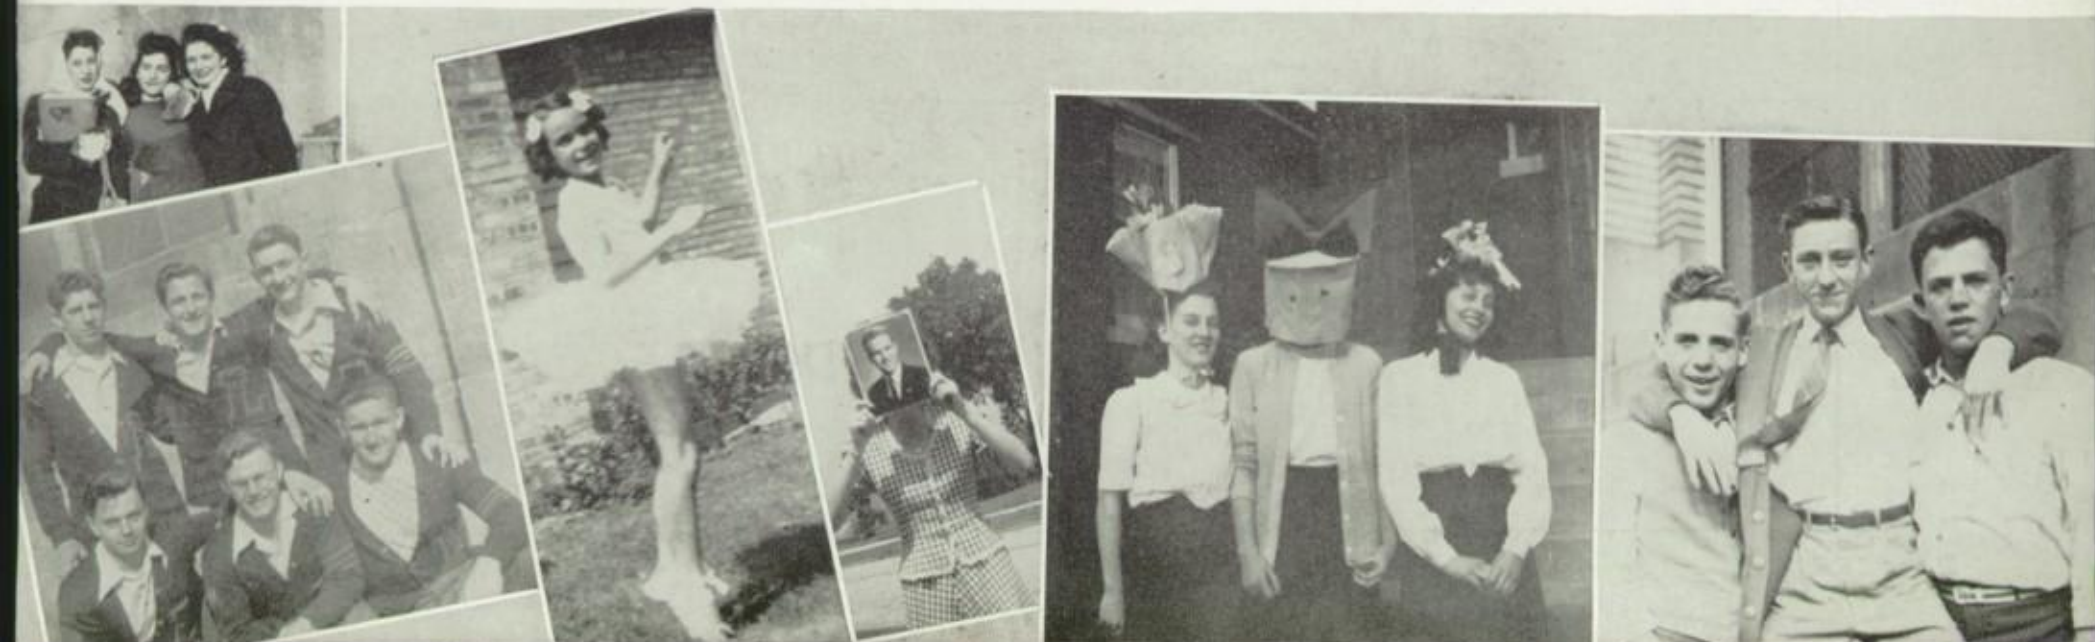

June 20—Rosemary Cabo pays installment on Eagle.

June 21—Crying on the outside, crying on the inside, crying all over. Wally Gilcrist flicks a gentle tear from his cheek as 390 regretful seniors rip into the last stanza of "Day by Day". It was a swell class sing!

June 24—Eagles are supposed to come out. Pens are in readiness.

June 26—"Clear against the sunset heaven, in the hope-filled West" . . . Will we ever forget these four years? The hard work, fair play, the camaraderie and easy friendship, and all the other things that have made our stay at Lindblom four wonderful and vivid years? All those sad and serious things that have ever been said about graduation seem insignificant now as we say, "so long" to all our pals. Wide-eyed and trying hard to blink back the tears. . . . "Gladly lift we now our voices, Thy dear name to sing, To the Shrine of truth and beauty, Loving tribute bring!"

June 27—Pep's Diary completed.
